businesses
strong and
resilient.**

THIS IS DEXTERRA GROUP

At Dexterra Group, we create exceptional experiences that help our clients shine. The companies that began independently, and now form Dexterra Group, have been serving Canadian clients for more than 75 years. We have an outstanding track record of supporting the built assets and infrastructure that play a vital role in communities and economies.

We work diligently behind the scenes to turn problems into solutions and ensure operational success. No other company delivers service, safety and quality like we do. Powered by passionate people, we create seamless experiences – whether it's shopping, studying, catching a plane, recovering in hospital, working far away or finding a place to call home.

Service is in everything we do.

Whether it's a challenging budget or environment, we'll find the right solution for your business - delivering the highest-quality service and safety. We are committed to enduring performance.

Wherever you want us to be.

We have the experience, relationships and regional knowledge to provide more value, greater opportunities and better service - wherever you are working.

FACILITIES MANAGEMENT AND OPERATIONS

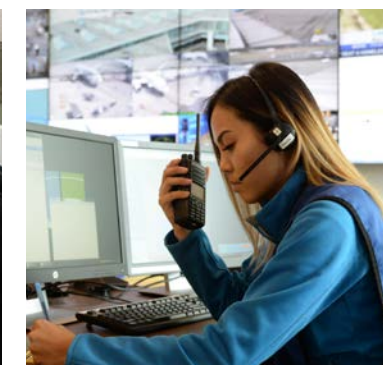

Making your place better, from friendly faces to immaculate spaces.

Technology-based, people-powered and integration-focused, our facilities management and operations services are customized to improve performance, lower total cost of ownership, optimize utilization and enhance customer experience.

Our teams have the relationships, knowledge and service commitment to provide more value and greater opportunities for you. Our responsibility is to always have our client's best interests in mind; we are there to assist in improving your business model.

No matter the size of your facility or the complexity of your operation, we can serve your industry:

- Aviation
- Healthcare and Well-Being
- Government
- Defence and Security
- Education
- Business and Industry
- Energy and Resources
- Retail
- Emergency Response
- Housing
- Hotel and Hospitality
- Recreation and Leisure

Integrated Facilities Management

Self-delivering all your facilities management components under one contract is the smartest way to drive value, efficiency and simplicity. With this integrated approach, we can help you improve customer experience, optimize the use of your space and, ultimately, lower the total cost of ownership. Integrated management allows us to evaluate your entire facility and customize a strategic, data-driven plan that builds in efficiencies for how work is done, optimizes procurement and allows you to make more informed decisions at every level.

Space and Infrastructure Solutions

We put our best into your building systems, fixtures, interiors and grounds, so that you get the most out of your space and people see it as comfortable, clean and in good working order.

Our teams provide space and infrastructure services from the largest scope (asset management, plant operations and maintenance, building systems and energy management) down to the smallest details in cleaning, grounds maintenance and fabric maintenance and repair.

On-Demand Services

When the unpredictable happens, we are just a phone call away. Whether it is an emergency repair at 2:00 am, a last-minute request or responding to a severe weather event, we are fast, reliable and fairly priced, with experienced tradespeople in HVAC, electrical, plumbing, carpentry/installation and specialty cleaning.

Building Automation

Finding the right balance between energy consumption, cost, and comfort are essential for a well-run healthy building. With our vast experience in Building Automation Systems (BAS), we can create the right solutions for your building that focus on optimal comfort and efficiency.

People and Organizations Solutions

A great experience always comes down to people who can bring user experiences to life, reflect brand values and support your operational needs. We help you leave a great impression including operations support centres, customer care, housekeeping, security and parking management, environmental and sustainability support and more.

Why partner with us:

Quality - Total quality management is embedded into our operating model

Well-Equipped Teams - We bring the right people with the right tools, technology and experience

Integrated Information Management System - Benefit from real-time data, from task request to completion

Sustainable Solutions - We offer programs to help you achieve your energy, environmental and sustainability objectives

Alignment - We align our work performance and service with your facility goals, brand goals and larger business goals

Self-Delivery Approach - Count on us to source and self-deliver quality services

Business Intelligence - We regularly analyze facility assets, work effort and space utilization to find ways to add value

It's about more than just maintenance and operations.

Our work is about making sure everyone passing through your facility has a great experience. We bring the right people with the right skills to transform service delivery.

Great food. Empowered people.

Thousands count on you every day and you can count on us to create exceptional food experiences that make a real difference to your business or community.

Food Services

Transforming the food service experience. Every day.

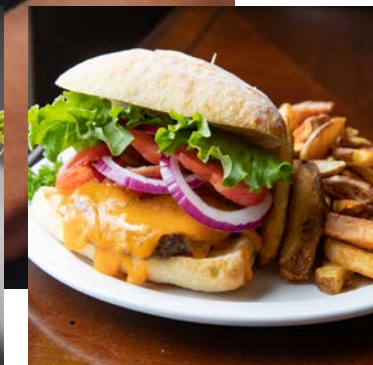

Dana Hospitality has a culture rooted in culinary excellence. We are proud to be the preferred partner for clients, who truly value exceptional quality and service in their food service experiences.

It's about more than just a meal – we deliver dining solutions that are customized to enhance the overall experience at your facility and provide the freshest meal options – always made from scratch.

Our Promise

We are committed to creating a unique culinary program, using our years of expertise, to ensure full alignment with your brand image and organizational goals.

We help create a cohesive, on-site, interdisciplinary team that enhances your overall brand offering and guest experience. Our chefs are empowered by culinary freedom and creativity – they can't help but inspire our guests with food that's worth staying for.

How we deliver on our promise

Create

Our culinary teams take great pride in using fresh, locally sourced ingredients to prepare meals from scratch every day. Inspired by seasonal ingredients, traditional comfort food, and the latest food trends, we deliver custom menus with a variety of fresh meals that are always prepared from scratch. Our chefs are also passionate about creating ethnic and specialty menus that appeal to diverse tastes and cravings.

Relate

Just as important as providing healthy and delicious food options, we believe enjoying meals on site should offer a sense of comfort and familiarity. We empower our teams to deliver authentic chef creations combined with friendly and dedicated service and programs that improve the overall guest experience.

Innovate

We strive to source the freshest possible ingredients from local farmers and producers within the shortest distance to our kitchens. We evaluate our social responsibility practices locally to ensure safety, minimize waste, and optimize the use of resources. We deliver programs that are quality-oriented and sustainable throughout our partnership.

A comprehensive track record of excellence.

With our track record in workforce accommodations, you can have peace of mind that whatever the challenge, we are up for it.

**A safe, friendly,
home away
from home
helps drive peak
performance and
productivity.**

**WORKFORCE
ACCOMMODATIONS**

Running a remote operation is nothing if not challenging. Conditions are demanding and that's why our workforce accommodations teams devote themselves to driving performance and productivity in Canada's most remote regions.

Whether you need a small drill camp, an open lodge or executive-style, custom-built accommodations, we provide complete, full-service packages on time and on budget all over Canada.

Turn-Key Workforce Solutions

Project management, structure supply, installation and logistics, catering and hospitality. You tell us what you need and we take it from there.

Construction, Installation And Logistics

Building and installing customized camp solutions, wherever you need them.

Catering And Operations

Comprehensive world-class accommodation management programs, including catering, camp management, housekeeping, janitorial and maintenance services.

Relocatable Structures

Scalable, durable and comfortable, our inventory of structures is available for sale or rent and can be on site and functional very quickly.

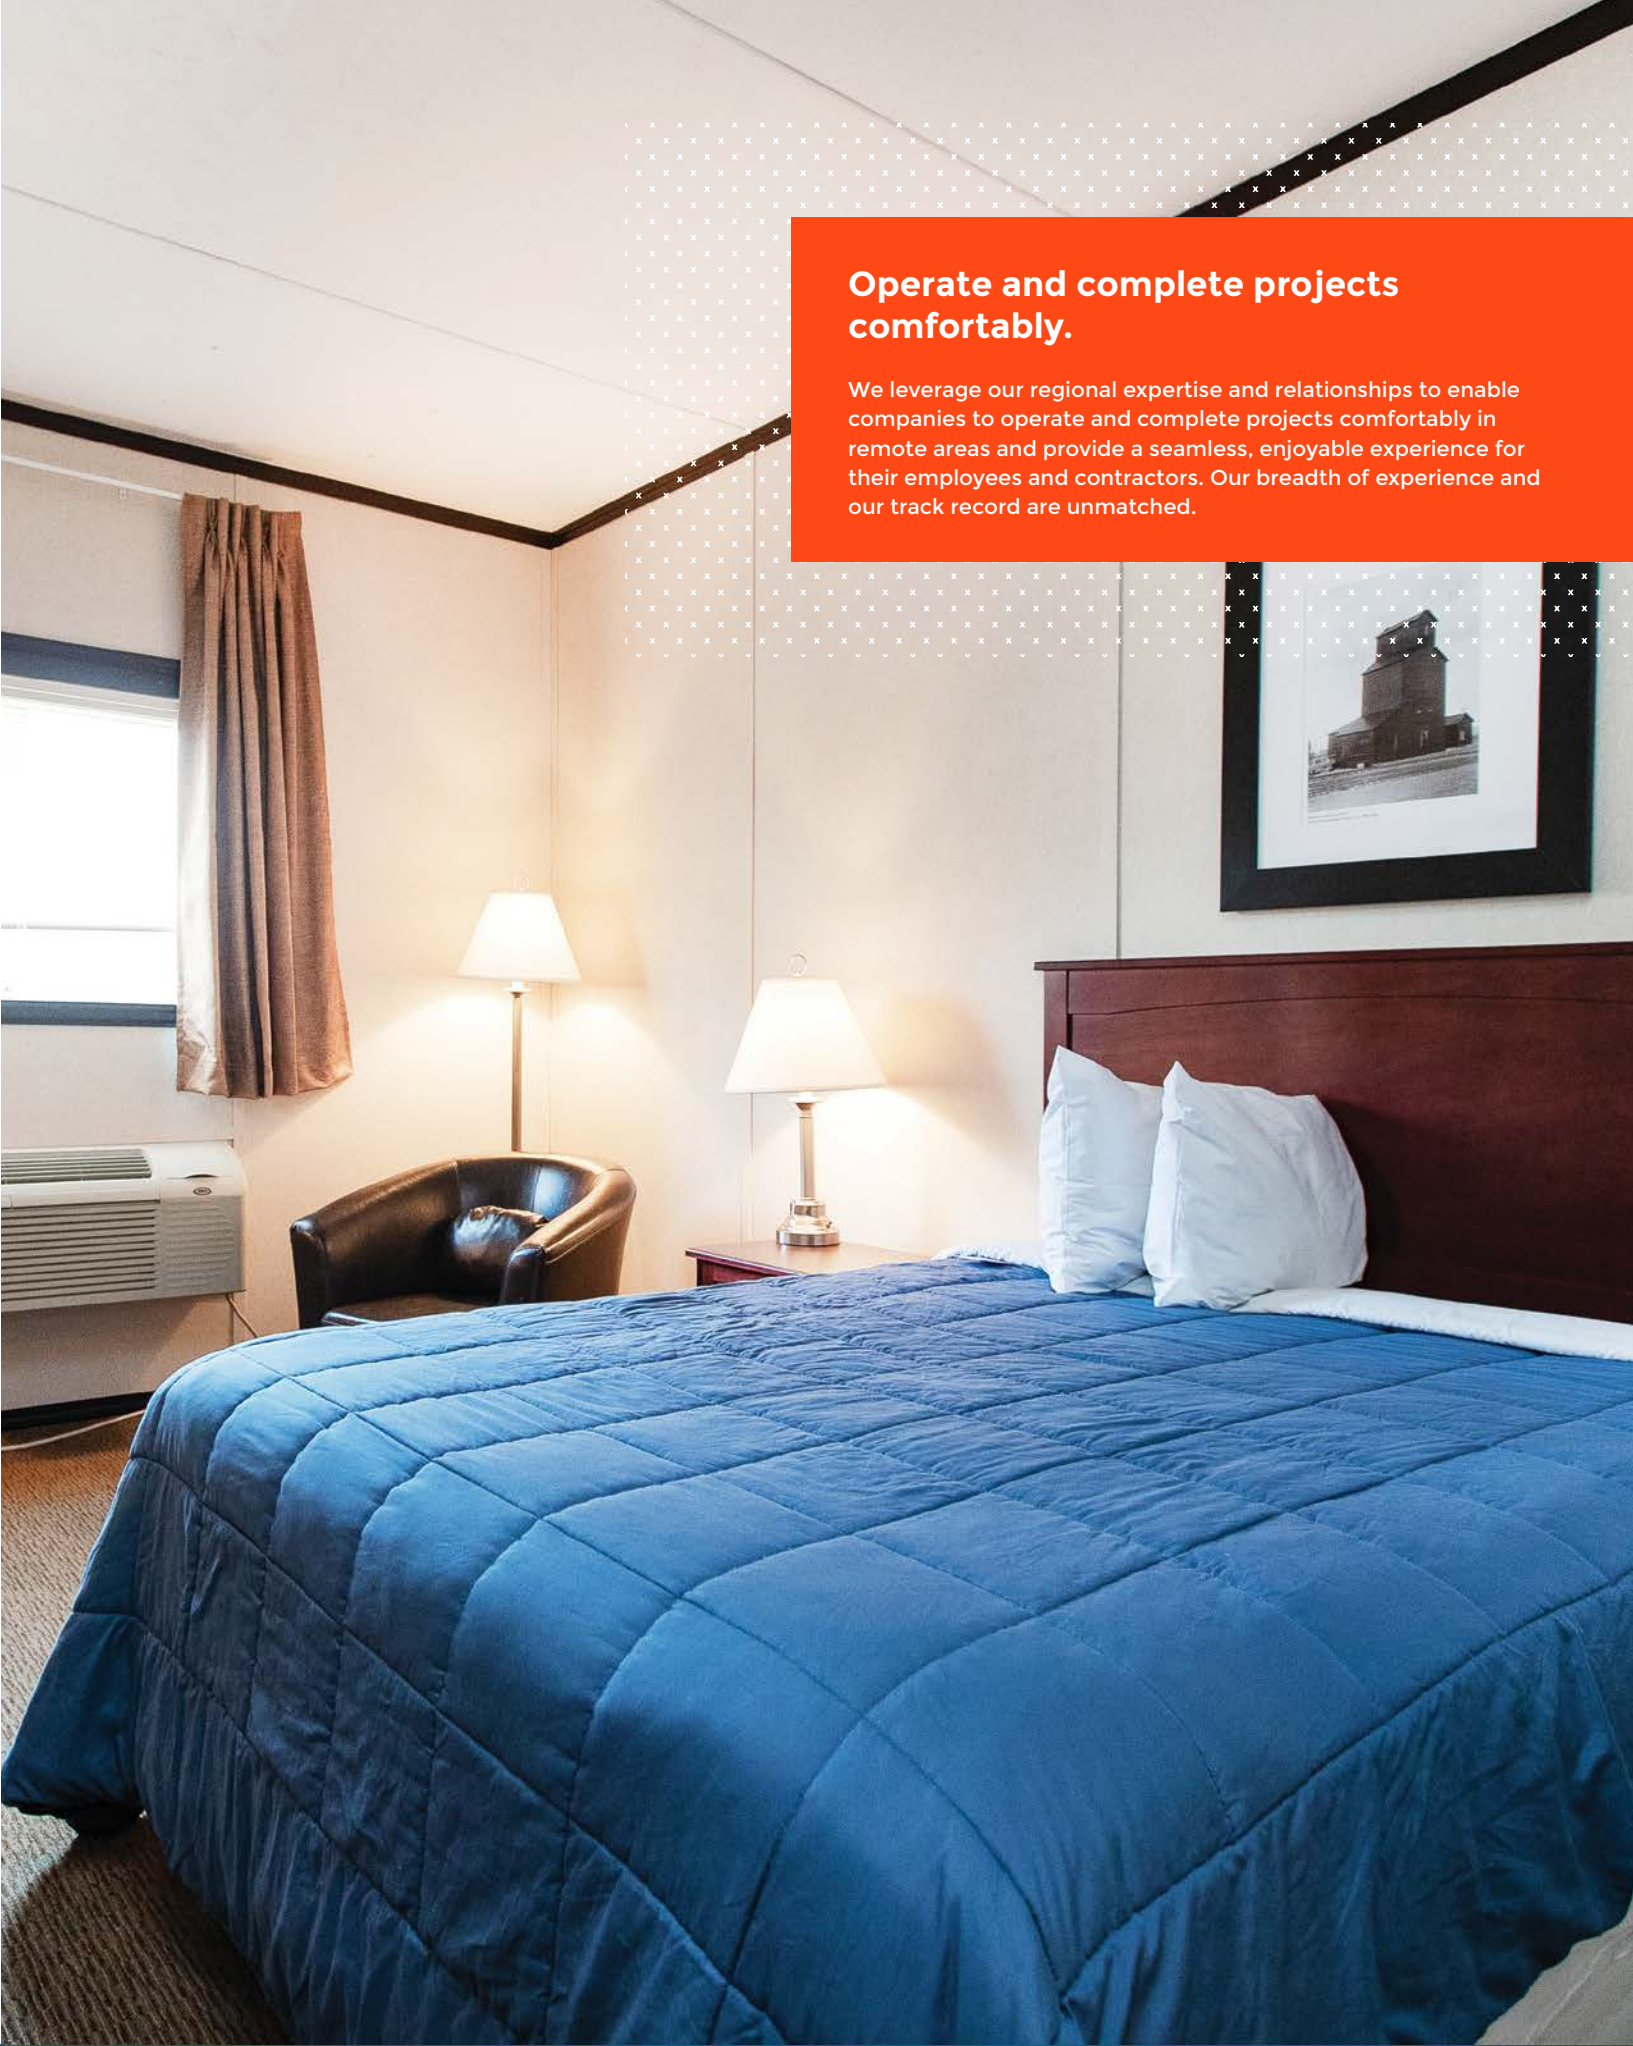

Access Solutions

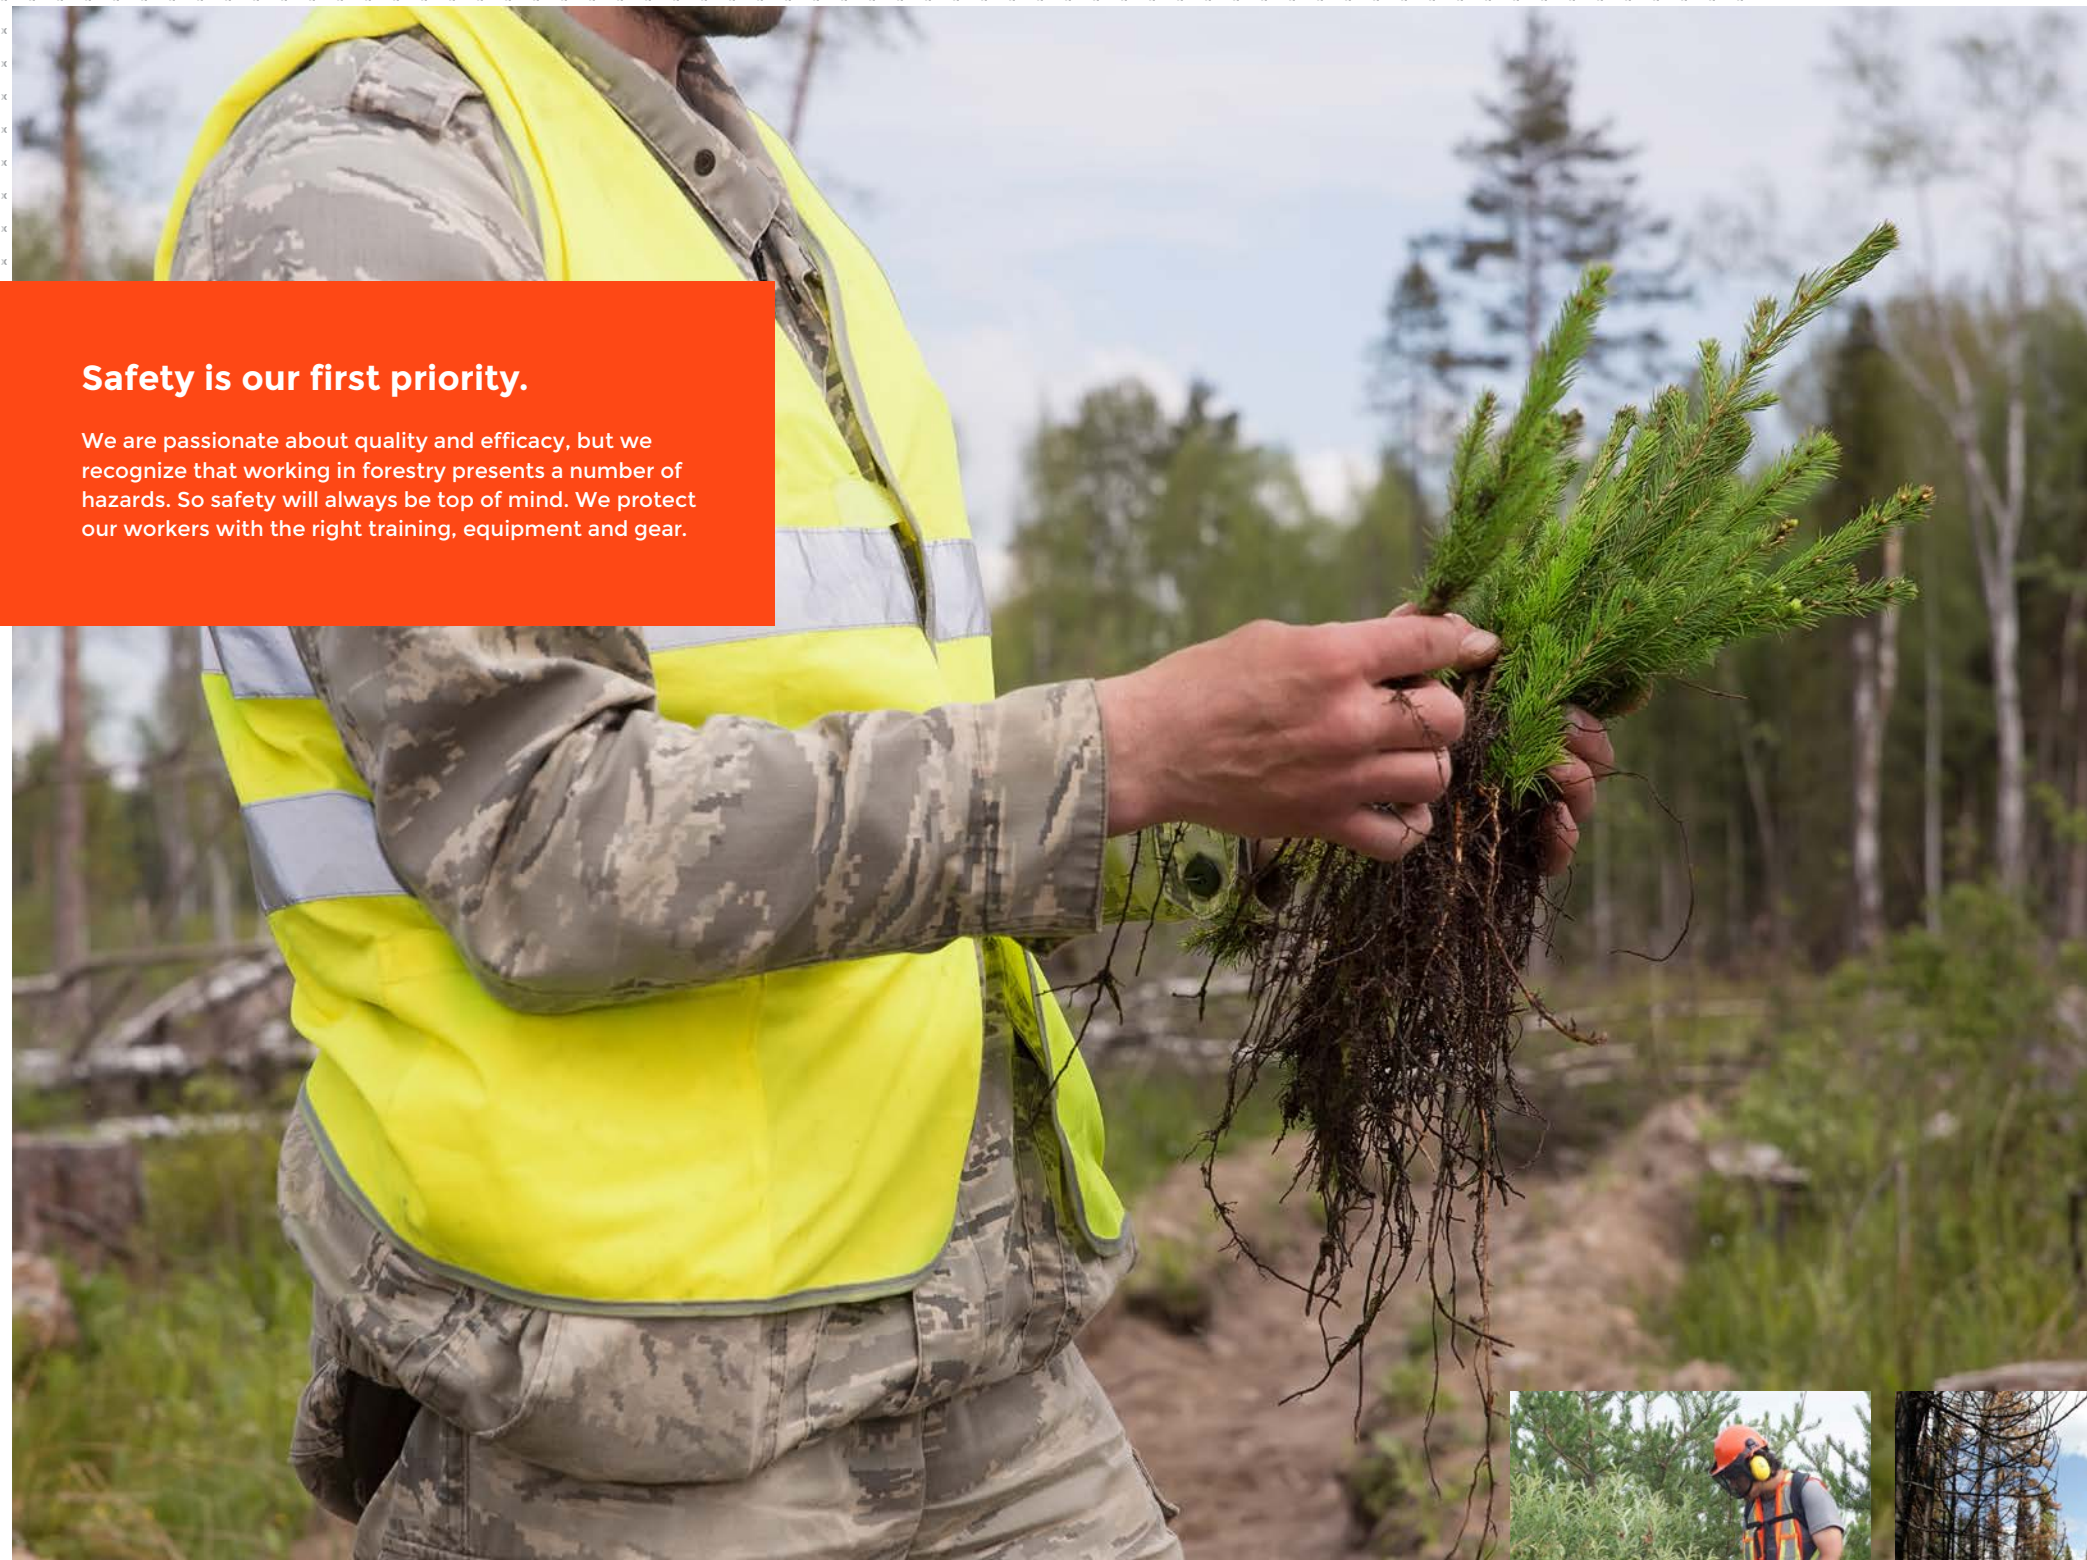

We produce and supply hardwood and softwood three-ply mats along with innovative soil solutions that ensure our clients have uninterrupted access to your sites.

Operate and complete projects comfortably.

We leverage our regional expertise and relationships to enable companies to operate and complete projects comfortably in remote areas and provide a seamless, enjoyable experience for their employees and contractors. Our breadth of experience and our track record are unmatched.

Safety is our first priority.

We are passionate about quality and efficacy, but we recognize that working in forestry presents a number of hazards. So safety will always be top of mind. We protect our workers with the right training, equipment and gear.

OUTLAND

Forestry Services

Protecting Canadian forests and forestry workers.

Forestry is invaluable to our environment and our economy. As Canada's premier reforestation and silviculture provider, we have the experience and regional knowledge to maintain forest health, provide more value and offer better service.

Tree Planting

Since 1985, we've been providing safe, professionally run reforestation solutions to many different industries. Our operations span across Canada and we are now one of the country's largest reforestation contractors—planting over 40 million trees annually.

Fire Support

We are a leading provider of Type 2 fire crews, employing hundreds of firefighters with an emphasis on Indigenous communities. Our firefighters are known to be well trained and well equipped for both fire suppression duties and camp life on the fire line.

Vegetation Management

Each year we complete 4,400 hectares of forest thinning/brushing and 1,200 hectares of site preparation. Our services include pre-commercial thinning, brush clearing, manual herbicide, forest technician work, surveying, mapping and slash pile burning.

**From concept
to completion,
our end-to-end
approach to
modular building
solutions ensures
a predictable
outcome.**

MODULAR SOLUTIONS

Building codes, environmental performance standards and technical inefficiencies are pushing conventional construction past the breaking point. Our end-to-end approach to modular construction is the change that is needed in the construction industry. Our focus is on certainty and a collaborative building experience while delivering speed, cost-effectiveness, quality and environmental sustainability.

As the pre-eminent leader in the modular building industry in Canada, we provide a faster schedule, greater cost certainty and higher quality for clients across a full range of project types.

Building certainty.

Leveraging best practices from the manufacturing industry, modular construction is redefining how buildings are built, bringing progress to an industry that does not often see significant technological advances.

Affordable and Social Housing

We are proud to have built more than 1,500 homes that are now providing a fresh start for those in need.

Commercial and Retail

We build corporate offices, franchise retail locations and sales centres of any size, with the capability of meeting unique, customized needs.

Seniors Housing

Our solutions can address aging in place at home or provide support through retirement homes and assisted living spaces.

Education Facilities

From student housing to portables to school additions and research labs, we can help you put in place the building blocks for success.

Emergency Response Infrastructure

When disaster strikes, we are on the scene quickly providing anything you need, from portable housing units to quick-response emergency support structures.

Hospitality Facilities

Serving large hotel brands to niche boutiques and hostels, we help you optimize revenue by getting guests in the door faster.

Multi-Family Residential

Our residential projects deliver superior quality and overall project certainty while providing an earlier return on your investment.

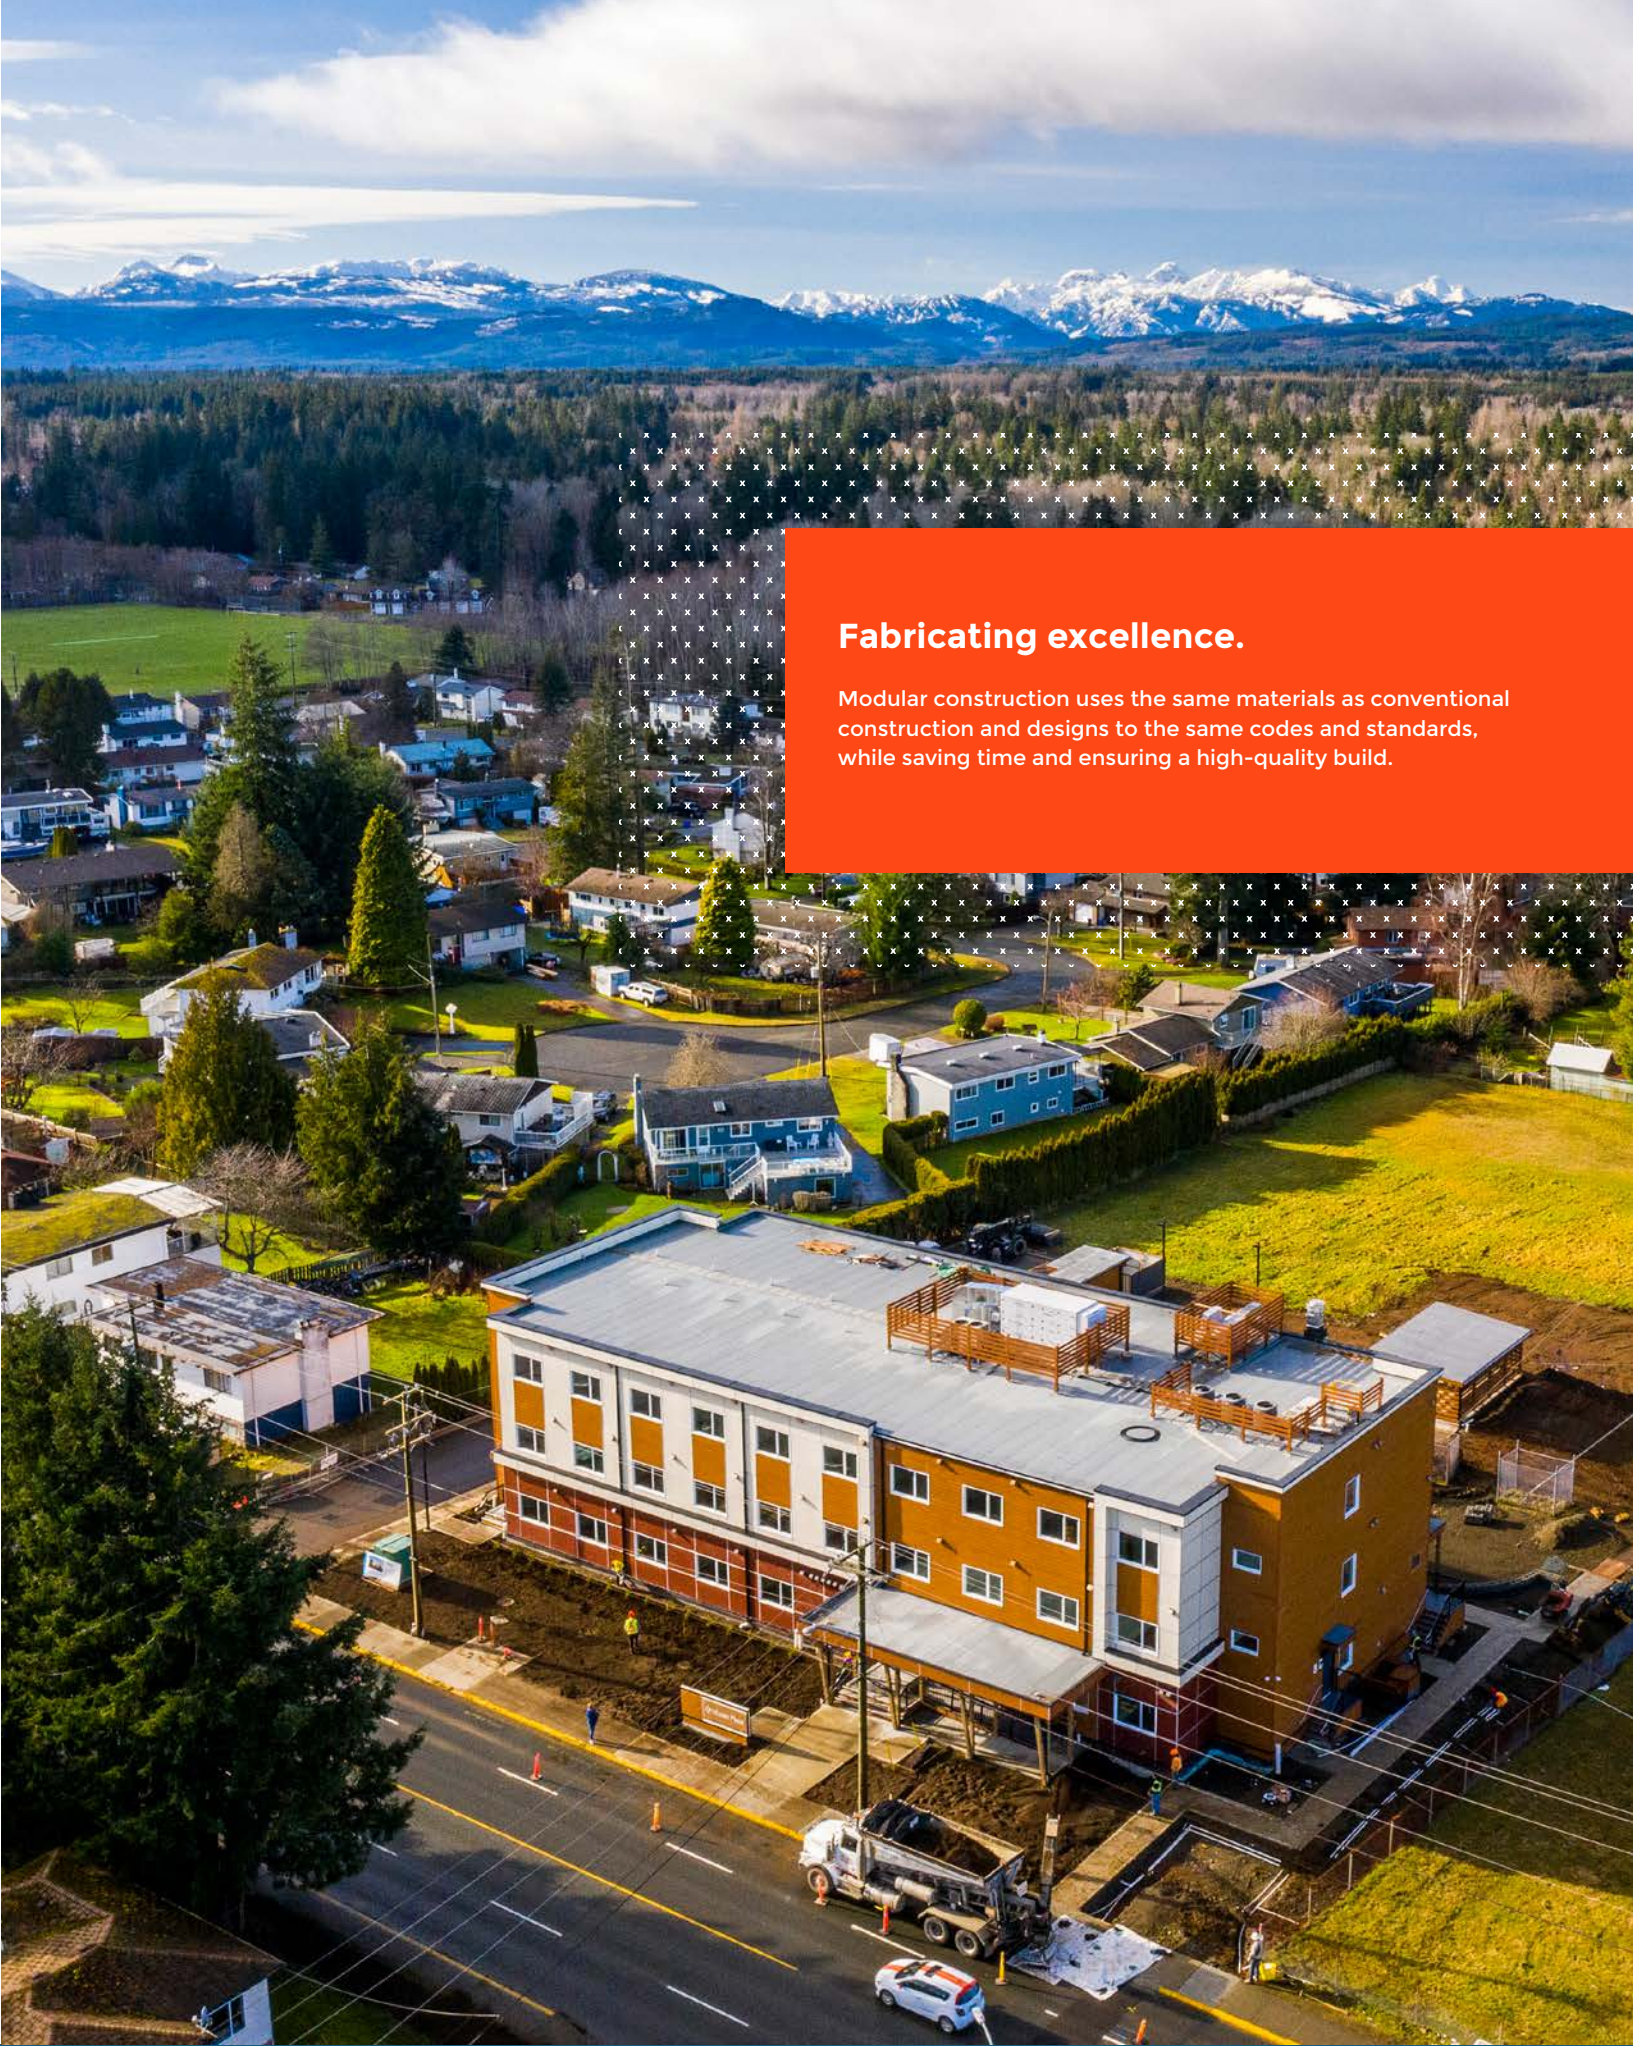

Booths, Kiosks and Relocatable Building Applications

We support the operational requirements of commercial, industrial and manufacturing clients whatever the size and scale of your needs, from parking kiosks to large in-plant office facilities.

Fabricating excellence.

Modular construction uses the same materials as conventional construction and designs to the same codes and standards, while saving time and ensuring a high-quality build.

THOUSANDS COUNT ON YOU. THAT'S WHY YOU COUNT ON US.

The list of what we do is long but the way we do it is simple.
