**MANAGEMENT INFORMATION CIRCULAR AND PROXY STATEMENT
FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 19, 2021**

GENERAL

In this Management Information Circular and Proxy Statement ("**Information Circular**"), unless otherwise noted, all dollar amounts are expressed in Canadian dollars. Information contained in this Information Circular is given as of March 30, 2021, unless otherwise stated.

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of Dexterra Group Inc. ("**Dexterra**") for use at the Annual General Meeting (the "**Meeting**") of holders ("**Shareholders**") of common shares ("**Common Shares**") of Dexterra to be held on Wednesday, May 19, 2021, at 10:00 a.m. EST via live audio webcast at <https://web.lumiagm.com/170453125> and at any adjournment(s) or postponement(s) thereof, for the purposes set forth in the accompanying Notice of Meeting.

Accompanying this Information Circular (and filed with applicable securities regulatory authorities) is the form of proxy (the "**Instrument of Proxy**") for use at the Meeting, by registered holders of Common Shares ("**Registered Shareholders**").

Proxies will be solicited by mail and may also be solicited personally or by telephone or facsimile by the directors or officers of Dexterra, who will not be specifically remunerated therefore. The cost of solicitation by management of Dexterra will be borne by Dexterra. Dexterra may pay the reasonable costs incurred by persons who are the registered but not beneficial owners of voting securities of Dexterra (such as brokers, dealers, other registrants under applicable securities laws, nominees and/or custodians) in sending or delivering copies of this Information Circular, the Notice of Meeting and voting instruction form to the beneficial owners of such securities. Dexterra will provide, without cost to such persons, upon request to Dexterra, additional copies of the foregoing documents required for this purpose.

NOTICE-AND-ACCESS

Dexterra has elected to use the "notice-and-access" provisions under National Instrument 54-101 *Communications with Beneficial Owners of Securities of a Reporting Issuer* (the "**Notice-and-Access Provisions**") for the Meeting in respect of mailings to its shareholders who do not hold their Common Shares in their own name but rather hold their Common Shares indirectly through accounts with such institutions as brokerage firms, banks and trust companies (referred to in this Information Circular as "**Beneficial Shareholders**"). Dexterra will also be using the Notice-and-Access Provisions in respect of mailings to its Registered Shareholders. The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials that must be physically mailed to shareholders by allowing a reporting issuer to post an information circular in respect of a meeting of its shareholders and related materials, online.

Dexterra will be delivering proxy-related materials directly to non-objecting Beneficial Shareholders and indirectly through intermediaries to objecting Beneficial Shareholders, and Dexterra intends to pay intermediaries for the delivery of such material.

The Information Circular together with related materials have been posted and are available for review on Dexterra's profile on SEDAR at <https://sedar.com>. The Information Circular and related proxy materials are also available at www.meetingdocuments.com/astca/dxt.

HOW TO OBTAIN PAPER COPIES OF MEETING MATERIALS:

Shareholders may request that paper copies of the Meeting materials be sent to them by contacting AST Trust Company (Canada) at 1-888-433-6443 or fulfillment@astfinancial.com.

In order to allow Shareholders a reasonable time to receive paper copies of the Information Circular and related materials by mail and to vote their Common Shares, it is recommended that requests for Meeting materials should be received on or before May 6, 2021. However, requests for Meeting materials may be made up to one year from the date the Information Circular was filed.

A Shareholder may also obtain additional information about the Notice-and-Access provisions by calling AST Trust Company (Canada) toll-free at 1-888-433-6443.

INSTRUCTIONS ON VOTING AT THE VIRTUAL MEETING

How to vote depends on whether you are a Registered Shareholder or Beneficial Shareholder. You are a Registered Shareholder if the Common Shares you own are registered directly in your name. You are a Beneficial Shareholder

if the Common Shares you own are registered for you in the name of an intermediary such as a bank, trust company, securities broker or other nominee (each, an “**Intermediary**”).

Registered Shareholders

Registered Shareholders may vote their Common Shares in the following ways: (1) in advance of the Meeting by submitting the Instrument of Proxy provided herewith by mail, internet, telephone or fax, as outlined below under “*Voting in Advance of the Meeting*” or (2) during the Meeting by voting online through the live audio webcast platform.

Registered Shareholders who wish to be represented at the Meeting by proxy must complete and deliver the Instrument of Proxy or other proper form of proxy to AST Trust Company (Canada) in the manner set out in the Instrument of Proxy. Shareholders are entitled to vote on all matters as described in the Instrument of Proxy. R. William McFarland and John MacCuish (the management designees named in the accompanying Instrument of Proxy) are officers and/or directors of Dexterra. **A Shareholder has the right to appoint a person (who need not be a Shareholder), other than R. William McFarland and John MacCuish, to represent such Shareholder at the Meeting.** To exercise this right, a Shareholder should insert the name of the person being appointed as proxyholder in the blank space provided on the Instrument of Proxy. Such Shareholder should notify the nominee of the appointment, obtain the nominee’s consent to act as proxy and should provide instructions on how the Shareholder’s Common Shares are to be voted. An Instrument of Proxy will not be valid unless it is deposited at the offices of AST Trust Company (Canada), Proxy Department, P.O. Box 721, Agincourt, Ontario M1S 0A1, by **10:00 a.m. EST** on Monday, May 17, 2021 or, if the Meeting is adjourned or postponed, not less than 48 hours (excluding Saturdays, Sundays and statutory holidays) before the time and date of the adjourned or postponed Meeting or with the Chair of the Meeting prior to commencement thereof. Registered Shareholders may also submit their Instrument of Proxy by internet, telephone or fax, as described below under “*Voting in Advance of the Meeting*”. Registered Shareholders who wish to appoint a proxy different than the management designees **MUST** submit an Instrument of Proxy appointing a proxyholder **AND** register that proxyholder by contacting AST Trust Company (Canada) by going to AST’s website at <https://lp.astfinancial.com/control-number-request-en.html> to complete and submit the electronic form or by calling 1-866-751-6315 (in North America) or 1-212-235-5754 (outside North America) by **10:00 a.m. EST** on Monday, May 17, 2021 or, if the Meeting is adjourned or postponed, not less than 48 hours (excluding Saturdays, Sundays and statutory holidays) before the time and date of the adjourned or postponed Meeting. Registering your proxyholder is an additional step to be completed **AFTER** you have submitted your Instrument of Proxy. Failure to register the proxyholder will result in the proxyholder not receiving a control number that will act as their online sign-in credentials and that is required for them to vote at the Meeting. In light of the current and continually evolving COVID-19 pandemic, Registered Shareholders are encouraged to submit their Instrument of Proxy as soon as practicable. See “*Instructions on Voting at the Virtual Meeting – Appointing a Proxy*” below.

Registered Shareholders who want to attend the Meeting and vote online during the Meeting should not complete the Instrument of Proxy and should instead follow the instructions below:

Step 1: Log in online at <https://web.lumiagm.com/170453125> at least 15 minutes before the Meeting starts.

Step 2: Click “I have a control number” and then enter your control number and password “**dexterra2021**” (case sensitive) and complete an online ballot during the Meeting. The control number is located on the Instrument of Proxy or in the email notification you received from AST Trust Company (Canada).

If you use your control number to log in to the Meeting and you have previously completed and submitted a proxy, there is no need to vote again as your vote has already been recorded. Any vote you cast at the Meeting will revoke any proxy you previously submitted.

Beneficial Shareholders

Beneficial Shareholders are Shareholders whose Common Shares are not held in their own name but in the name of a “nominee” such as a bank, trust company, securities dealer or broker, or other intermediary. As such, the Intermediary will be the entity legally entitled to vote the Common Shares held by such Beneficial Shareholders and must seek such Beneficial Shareholders’ instructions as to how to vote such Beneficial Shareholders’ Common Shares.

A Beneficial Shareholder may vote their Common Shares in two ways: (1) in advance of the Meeting by submitting the voting instruction form to the Intermediary, or (2) during the Meeting by voting online through the live audio webcast platform, **BUT** only if such Beneficial Shareholder has duly appointed themselves as proxyholder **AND** has registered as proxyholder with AST Trust Company (Canada) in order to receive a control number, as described further below.

Beneficial Shareholders, except those that have previously informed their Intermediary that they do not wish to receive material relating to shareholders’ meetings will have received the Information Circular from such Intermediary, together with a voting instruction form. The voting instruction form contains instructions on how to complete the form, where to return it to and the deadline for returning it, which may be earlier than the deadline for Registered Shareholders. It is important that you read and follow the instructions on the voting instruction form in order to have your vote count. If you are unsure about anything in such voting instructions, contact your bank, trust company, securities dealer or broker, or other intermediary through which you hold your Common Shares.

Beneficial Shareholders who wish to vote at the Meeting through the live audio webcast platform, must insert their own name in the space provided on the voting instruction form received from the Intermediary. In so doing, such Beneficial Shareholder will be instructing its Intermediary to appoint such Beneficial Shareholder as proxyholder. Beneficial Shareholders must adhere strictly to the signature and return instructions provided by the Intermediary. It is not necessary to complete the form in any other respect, since such Beneficial Shareholder will be voting at the Meeting by voting online through the live audio webcast platform. Beneficial Shareholders who wish to vote at the Meeting must register as proxyholder by contacting AST Trust Company (Canada) by going to AST’s website at <https://lp.astfinancial.com/control-number-request-en.html> to complete and submit the electronic form or by calling 1-866-751-6315 (in North America) or 1-212-235-5754 (outside North America). AST Trust Company (Canada) will then provide the Beneficial Shareholder with a control number by email after the proxy voting deadline has passed. The control number is the Beneficial Shareholder’s username for the purposes of logging into the Meeting.

Beneficial Shareholders who do not plan to attend the Meeting can either mark their voting instructions on the voting instruction form or appoint another person (a proxyholder) to attend the Meeting and vote their Common Shares for them. Beneficial Shareholders who appoint a proxyholder other than R. William McFarland and John MacCuish (the management designees on the voting instruction form) must submit their voting instruction form appointing that proxyholder **AND** register that proxyholder by contacting AST Trust Company (Canada) by going to AST’s website at <https://lp.astfinancial.com/control-number-request-en.html> to complete and submit the electronic form or by calling 1-866-751-6315 (in North America) or 1-212-235-5754 (outside North America). AST Trust Company (Canada) will then provide the proxyholder with a control number by email after the proxy voting deadline has passed. The control number is the proxyholder’s username for the purposes of logging into the Meeting. See *“Instructions on Voting at the Virtual Meeting – Appointing a Proxy”* below for additional information on appointing and registering a proxyholder with AST Trust Company (Canada).

Only Registered Shareholders, or the persons they appoint as their proxies, are permitted to attend and vote at the Meeting. **If you are a Beneficial Shareholder and wish to vote at the Meeting, you must insert your own name in the space provided on the voting instruction form sent to you by your Intermediary, follow all of the applicable instructions provided by your Intermediary AND register yourself as your proxyholder by contacting AST Trust Company (Canada) by going to AST’s website at <https://lp.astfinancial.com/control-number-request-en.html> to complete and submit the electronic form or by calling at 1-866-751-6315 (in North America) or 1-212-235-5754 (outside North America), as further described below under *“Instructions on Voting at the Virtual Meeting – Appointing a Proxy”*.** By doing so, you are instructing your Intermediary to appoint you as proxyholder. It is

important that you comply with the signature and return instructions provided by your Intermediary. AST Trust Company (Canada) will then provide a control number that will act as your online sign-in credentials by email after the proxy voting deadline has passed and you have been duly appointed.

Beneficial Shareholders who have duly appointed themselves as a proxyholder that attend the Meeting online will be able to vote by completing a ballot online during the Meeting through the live audio webcast platform as follows:

Step 1: Log in online <https://web.lumiagm.com/170453125> at least 15 minutes before the Meeting starts.

Step 2: Click “I have a control number” and then enter your control number and password “dexterra2021” (case sensitive). Proxyholders (including Beneficial Shareholders who have appointed themselves as proxyholder) who have been duly appointed and registered with AST Trust Company (Canada) will receive a control number by email from AST Trust Company (Canada) after the proxy voting deadline has passed.

Failing to register your proxyholder with AST Trust Company (Canada) will result in the proxyholder not receiving a control number, which is required to vote at the Meeting. Beneficial Shareholders who have not duly appointed themselves as proxyholder will not be able to vote at the Meeting but will be able to participate as a guest.

Beneficial Shareholders who have provided voting instructions to their Intermediary and change their mind about how they want to vote, or who decide to attend the Meeting and vote online, must contact their Intermediary to find out what to do.

If you are a Beneficial Shareholder and you have previously appointed yourself as proxyholder, completed and submitted a proxy, there is no need to vote again as your vote has already been recorded. Any vote you cast at the Meeting as a duly appointed proxyholder will revoke any proxy you previously submitted.

Appointing a Proxy

Shareholders who wish to appoint a person other than R. William McFarland and John MacCuish, the management designees identified in the Instrument of Proxy or voting instruction form (including a Beneficial Shareholder who wishes to appoint himself as proxyholder), to represent them at the Meeting **MUST** submit their Instrument of Proxy or voting instruction form (as applicable), appointing such proxyholder **AND** register that proxyholder online, as described below. Registering your proxyholder is an additional step to be completed **AFTER** you have submitted your Instrument of Proxy or voting instruction form. Failure to register the proxyholder with AST Trust Company (Canada) will result in the proxyholder not receiving a control number to participate in the Meeting and only being able to attend as a guest. Guests will be able to listen to the Meeting but will not be able to vote.

Step 1: Submit your Instrument of Proxy or voting instruction form: To appoint a proxyholder, insert such person’s name in the blank space provided in the Instrument of Proxy or voting instruction form and follow the instructions for submitting such Instrument of Proxy or voting instruction form. Step 2: Register your proxyholder: To register a proxyholder, Shareholders must contact AST Trust Company (Canada) by going to AST’s website at <https://lp.astfinancial.com/control-number-request-en.html> to complete and submit the electronic form or by calling at 1-866-751-6315 (in North America) or 1-212-235-5754 (outside North America) by **10:00 a.m. EST** on Monday, May 17, 2021, or, if the Meeting is adjourned or postponed, not less than 48 hours (excluding Saturdays, Sundays and statutory holidays) before the time and date of the adjourned or postponed Meeting, and provide AST Trust Company (Canada) with the required proxyholder contact information so that AST Trust Company (Canada) may provide the proxyholder with a control number via email. Without a control number, proxyholders will not be able to vote or ask questions at the Meeting but will be able to participate as a guest.

Validly appointed proxyholders will be able to vote by completing a ballot online during the Meeting through the live audio webcast platform as follows:

A Registered Shareholder who has submitted an Instrument of Proxy may revoke it by an instrument in writing signed by the Shareholder or by an authorized attorney or, if the Shareholder is a corporation, by a duly authorized officer, and deposited at the offices of AST Trust Company (Canada), Proxy Department, P.O. Box 721, Agincourt, Ontario M1S 0A1, at any time up to and including the last Business Day preceding the day of the Meeting or any adjournment or postponement thereof. Registered Shareholders who log in to the Meeting using their control number and vote during the Meeting will revoke any and all previously submitted proxies by voting on the online ballot.

Only Registered Shareholders have the right to revoke an Instrument of Proxy at the Meeting. Beneficial Shareholders who wish to change their vote must, in sufficient time in advance of the Meeting, contact their respective Intermediaries to find out what to do to change their vote.

MATTERS TO BE ACTED UPON AT THE MEETING

1. Election of Directors

On May 29, 2020, Dexterra (formerly Horizon North Logistics Inc.) acquired all the issued and outstanding shares (the "**Transaction**") of 10647802 Canada Limited, operating as Dexterra Integrated Facilities Management ("**DIFM**"), an indirect wholly-owned subsidiary of Fairfax Financial Holdings Limited (together with its affiliates, "**Fairfax**"), which resulted in Fairfax controlling 49% of Dexterra. In connection with the Transaction, Dexterra and an affiliate of Fairfax entered into an investor rights agreement (the "**Investor Rights Agreement**") related to, among other things, matters related to the election of the board of directors (the "**Board**"). Pursuant to the terms and subject to the conditions set forth in the Investor Rights Agreement, in respect of any director election meeting that Fairfax, in the aggregate, owns, controls or directs, directly or indirectly, at least 40% of the outstanding Common Shares (on a non-diluted basis) it shall be entitled to designate 50% of the persons nominated for election of Dexterra ("**Fairfax Nominees**") rounded up to the nearest whole number and that Dexterra shall recommend Shareholders vote to elect such nominees. Additionally, the Investor Rights Agreement provides that for as long as Fairfax, in the aggregate, owns, controls or directs, directly or indirectly, at least 10% of the outstanding Common Shares (on a non-diluted basis) the Board will at all times consist of eight directors or such other number as Dexterra and Fairfax may agree.

On March 10, 2021, Dexterra and Fairfax agreed that the Board would consist of seven (7) directors and that Dexterra would not replace Rod Graham, who is not standing for re-election to the Board at this Meeting.

The following persons are proposed to be nominated for election as directors of Dexterra at the Meeting:

Mary Garden	Simon Landy	R. William McFarland	Russell Newmark
David Johnston	John MacCuish	Kevin D. Nabholz	

The proposed directors include the four (4) existing Fairfax Nominees, being R. William McFarland, David Johnston, Simon Landy and John MacCuish. The Board has concluded that each nominee is well qualified to serve on the Board. The nominees have the relevant expertise essential to ensure appropriate strategic direction and oversight. Each director nominee has confirmed his or her eligibility and willingness to serve as a director if elected. All of the directors who are elected will have their terms of office expire at the next annual meeting of Shareholders, or until successors are elected or such directors resign.

Majority Voting for Directors

The Board has adopted a majority voting policy for uncontested election of directors (“**Majority Voting Policy**”). The Board believes that each director of Dexterra should carry the confidence and support of its Shareholders. If, with respect to any director nominee, the total number of Common Shares withheld exceeds the total number of Common Shares voted in favour of the nominee, then for purposes of the Majority Voting Policy such nominee shall be considered not to have received the support of Shareholders even though duly elected as a matter of corporate law.

Any nominee who is considered under the above test not to have the support of the Shareholders shall, forthwith, submit his or her resignation to the Board to take effect immediately upon acceptance by the Board.

The Board shall decide whether or not to accept the tendered resignation and is expected to accept the resignation absent exceptional circumstances. Further, the Board shall, not later than 90 days after the Shareholders’ meeting, issue a news release, a copy of which will also be provided to the Toronto Stock Exchange (“**TSX**”), which either confirms that they have accepted the resignation or provides an explanation for why they have refused to accept such resignation. The director tendering his or her resignation will not participate in any meeting of the Board or any sub-committee of the Board at which the resignation is considered.

Advance Notice Provisions

Pursuant to the Amended and Restated By-laws of Dexterra, Dexterra has adopted advance notice requirements for the nomination of directors by Shareholders.

Adoption of an advance notice provision (the “**Advance Notice Provisions**”) relating to the nomination of directors (i.e., the requirement that advance notice be provided to the Corporate Secretary of Dexterra if a Shareholder proposes to nominate directors for election at a meeting of Shareholders). The Advance Notice Provisions are included in Dexterra’s Amended and Restated Bylaws to prevent stealth proxy contests and facilitate an orderly and efficient director nomination process by ensuring that all Shareholders receive adequate notice of director nominations and sufficient information in respect of all nominees so that the proposed nominees’ qualifications and suitability as directors can be evaluated and an informed vote cast for the election of directors. The Advance Notice Provisions fix deadlines for submitting director nominations to Dexterra prior to any annual or special meeting of Shareholders where directors are to be elected, and sets forth the information that a Shareholder must include in their nomination in order for it to be valid. In the case of an annual Shareholders’ meeting, the deadlines for notice of a Shareholders’ director nominations are not less than 30 days prior to the meeting; provided, however, if the first public notice of an annual Shareholders’ meeting is given less than 50 days prior to the meeting date, Shareholders must provide notice of their nominations by close of business on the 10th day following the announcement of the meeting. In the case of a special meeting (which is not also an annual meeting) called for the purpose of electing directors, Shareholders must provide notice of their nominations by close of business on the 15th day following first public announcement of the special Shareholders’ meeting. In the event of

an adjournment or postponement of an annual meeting or special meeting of shareholders or any announcement thereof, a new time period shall commence for the giving of timely notice.

This year, notices of nomination from Shareholders will be deemed timely if received on or prior to April 19, 2021.

The following table sets forth for each proposed director: their name, age, municipality, province and country of residence; their committee memberships; all positions and offices with Dexterra now held by them, the month and year in which they were first elected or appointed as a director; other public company board memberships; their principal occupation for at least the last 5 years along with a brief biography; and the number and percentage of Common Shares that they have advised are beneficially owned, controlled or directed by them, directly or indirectly, as of March 26, 2021:

It is the intention of the persons named in the Instrument of Proxy, if not expressly directed otherwise in such Instrument of Proxy, to vote such proxies FOR the election of the nominees described above as directors of Dexterra. It is not contemplated that nominees will be unable to serve as directors, but, if that should occur for

any reason prior to the Meeting, the persons named in the enclosed form of Instrument of Proxy reserve the right to vote for other nominees at their discretion.

As at March 30, 2021, the directors and officers of Dexterra, as a group, beneficially owned, directly or indirectly, or exercised control or direction over 1,043,453 Common Shares, or approximately 1.60% of the issued and outstanding Common Shares, based on 65,069,417 issued and outstanding Common Shares. In addition, as at March 30, 2021, the directors and officers of Dexterra, as a group, have outstanding share option (“**Options**”) to purchase 780,531 Common Shares.

Simon Landy was the President and a director of Outland Group, which formed part of Carillion Canada Inc. and was subject to the CCAA Proceedings.

Notes:

- (1) Messrs. Ballantyne, Fedora, Tremblay and Ms. Rooney submitted their resignations effective May 29, 2020 pursuant to the Transaction.
- (2) Includes retainers, meeting fees, if applicable, and travel allowance, if requested.
- (3) RSUs are granted from time to time in accordance with Dexterra's RSU Plan (as defined herein). No RSUs were granted in 2020.
- (4) The value to the recipient of any Option grant is Nil on the grant date as the exercise price of the Option is equal to or greater than the market value of the underlying Common Share. The value, if any, ultimately received by an Option holder as compensation is equal to the difference between the fair value of the underlying Common Share on the date the Option is exercised and the exercise price of the Option. This amount is also equal to the value forgone by Dexterra when it issues a Common Share on exercise of an Option at a price that is less than the prevailing market price. The fair value of the Options granted annually is obtained by multiplying the number of Options granted by their value established according to the Black Scholes model. In 2020, this value was determined using the following assumptions: dividend yields of 0.0% to 4.93%; expected average volatilities of 57.29% to 70.45%; average risk-free rates of interest of 0.19% to 0.37%; average forfeiture rate of 9.87% to 10.08%; and average expected life of option of three years. The fair value of option grants have been determined using the same methodology and values used in determining the option value for our financial statements as we believe it represents the best estimate of fair value of the options at the time of the grant.
- (5) Messrs. McFarland, Johnston and Landy earned \$75,000, \$12,500 and \$12,500, respectively, as directors of DIFM for the period from January 1, 2020 to May 29, 2020 (the close of the Transaction).

Minimum Share Ownership for Non-Management Directors

The Board believes that the economic interests of non-management directors of Dexterra should be aligned with those of Shareholders. On June 1, 2020, the Board approved minimum share ownership guidelines for the non-management directors be set so that each non-management director be required to own shares in Dexterra equivalent to three times the base annual retainer paid to such director within a three year period from the date that such director was elected or appointed. For clarity, effective June 1, 2020, the base annual retainer for non-management directors, other than the independent Chair of the Board was set at \$75,000, therefore the current non-management directors will have until June 1, 2023 to own shares in Dexterra with a value of \$225,000 of market value or cost of purchase to meet the minimum shareholding requirement. The base annual retainer for the independent Chair of the Board was set at \$150,000, therefore the current independent Chair of the Board will have until June 1, 2023 to own shares in Dexterra with a value of \$450,000 of market value or cost of purchase to meet the minimum shareholding requirement.

Name	Date Elected or Appointed to the Board	Common Shares Beneficially Owned at March 26, 2021	Total Market Value of Common Shares Owned ⁽¹⁾ (\$)	Minimum Shareholding Requirements (\$)	Meets Requirements ⁽²⁾

Notes:

- (1) Based on March 26, 2021 closing share price on the TSX of \$5.96 per Common Share.
- (2) The minimum share ownership requirement is met if the requisite value of the Common Shares to be owned by the non-management director is reached before or during the applicable period notwithstanding that the value of such Common Shares owned may subsequently fall below the minimum share ownership requirements due to a decrease in the market price of the Common Shares during the applicable period.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Governance

The Corporate Governance and Compensation Committee (the “**Committee**”) is responsible for making recommendations to the Board relating to the compensation of members of the Board, the CEO and the Chief Financial Officer (“**CFO**”) and other executive officers. The Committee regularly reviews the compensation practices of comparable companies with a view to aligning Dexterra’s officers and directors with a comparable group median. Directors who are officers of Dexterra receive no additional remuneration for their services as directors.

In particular, the Committee: (i) will review and approve, at least annually, Dexterra’s goals and objectives relevant to the compensation of the CEO and the CEO’s compensation based on that review; (ii) will review, at least annually, and recommend to the Board compensation, incentive plans and equity based plans for non-CEO officers and directors, and for other key employees as identified by the CEO, and in particular, review the annual bonus payments recommended by the CEO for the executive officers; and (iii) will review executive compensation disclosure before Dexterra publicly discloses such information.

The objective of Dexterra’s executive compensation program is to attract and retain experienced personnel who are incentivized to continually focus on generating profitable growth of Dexterra’s business. The compensation program is comprised of three elements: (i) annual salary plus benefits; (ii) annual performance bonus; and (iii) long-term incentives in the form of equity-based compensation.

In order to attract and retain a high level of executive talent, the Committee targeted total executive compensation levels in the median range to above-mid range of industrial companies, whose operational, corporate finance and other activities are considered comparable to those of Dexterra. This is not a rigid requirement and discretion exists to take into account trends or challenges in industry and the economy. The Committee has established this range because the support services sector is complex and exceptionally competitive and also because Dexterra must have reliable, motivated and superior talent in order to deal with these challenges and to accomplish its strategic objectives.

Periodically, the Committee compares executive compensation levels with other Canadian small cap public companies in the support services industry. This testing of compensation levels is done with respect to base salary, annual bonus and long-term incentive plans. This process was undertaken in 2020 with the assistance of outside advisors – Mercer (Canada) Ltd (“**Mercer**”). The process involved the selection of a peer group of small cap public companies in related industries based on annual sales, assets and market capitalization as of June 30, 2020 (“**Peer Group**”). The Peer Group consists primarily of Canadian public companies but does also include US public companies. The majority of the Peer Group companies were within 0.5 to 2 times Dexterra’s level of annual sales, assets and market capitalization.

The appropriateness and competitiveness of the Corporation’s executive compensation program is monitored by comparison to a peer group of companies that include the following companies:

Bird Construction Inc.	Sienna Senior Living Inc.
GDI Integrated Facility Services Inc.	North American Construction Group Ltd.
Extendicare Inc.	Badger Daylighting Ltd.
Stuart Olson Inc.	Medical Facilities Corporation
Civeo Corporation	DIRTT Environmental Solutions Ltd.

This provided guidance to the Committee on executive compensation and allowed the Committee to evaluate market compensation information and ensure that the Committee’s approach is appropriate and is generally consistent with compensation trends in the marketplace. Mercer was paid \$67,843 for its services in this regard. No consultant/advisor fees related to executive compensation were incurred for the 2019 fiscal year. In addition, several members of the Committee are either directors or officers of other industrial companies and are therefore intimately familiar with compensation levels in Canada and globally.

Dexterra's executive compensation program is designed to provide financial rewards to executive officers based on measurable financial and operational parameters associated with overall corporate performance. The program also balances annual rewards for achieving financial success year over year with rewards tied to long-term share price performance. As part of its review and discussion of the compensation program, the Committee considers the risks associated with Dexterra's compensation program and noted the following elements of Dexterra's business model and its governance and control system that mitigate the risk that Dexterra's executives will take unnecessary or excessive risk for the sake of enhanced rewards:

- The nature of Dexterra's business is such that there are very few asset or liability valuation judgments that management must make. The annual bonus program is based on financial parameters that are cash flow dependent as opposed to being driven by asset or liability valuation judgments.
- Dexterra's ultimate long-term goal is to generate sustainable shareholder returns. The compensation program recognizes that developing sustainable shareholder returns takes time and thus provides rewards for long-term success to mitigate the risk that short-term, less sustainable actions are taken to enhance immediate share price performance.
- The annual bonus program does not pay out rewards until financial results are confirmed through independently audited financial statements.
- Named Executive Officers (as outlined in the table below titled "*Summary Compensation*") ("**NEOs**"), other executive officers and directors are not permitted to purchase financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer, other executive officer or director.

Named Executive Officers

For the financial year ended December 31, 2020, there were seven (7) NEOs of Dexterra consisting of John MacCuish, CEO and President Facilities Management; Drew Knight, CFO; Mark Becker Chief Operating Officer ("**COO**") and President Workforce Accommodations, Forestry and Energy Services ("**WAFES**"); Mike Hammerschmidt, Vice President Energy Services; Trevor Gard, Executive Vice President ("**EVP**") Facilities Management; Rod Graham, former co-CEO and Scott Matson, former Senior Vice President and CFO.

For fiscal 2020 the Committee quantified and reviewed all elements of the compensation of Dexterra's NEOs set out in the Summary Compensation Table below. The Committee also quantified and reviewed the projected payouts to the NEOs and payouts resulting from their termination and under Dexterra's Amended and Restated Share Option Plan dated March 1, 2017 (the "**Option Plan**") and other payouts. The Committee reviewed this information at a meeting held early in 2021 when the financial results for the fiscal year were known to ensure that it had a complete understanding of each element of the compensation arrangements in effect for the NEO's, including an understanding of the "total" current executive compensation including future commitments.

The Committee believes that the total compensation packages of Dexterra's executive officers are appropriate in light of Dexterra's overall performance during 2020, given profitability and cashflow performance. The Committee also considered Dexterra's shareholder returns as a factor in its compensation determinations. It undertook a review of the five-year cumulative total shareholder return chart (set out below) and gave due weight to the fact that, Dexterra plans to have superior shareholder returns in future years. An additional factor reviewed by the Committee was compensation data from the above referenced Mercer Canada report. This report demonstrates that the NEOs are receiving lower than median range base salaries with total compensation in the mid-range. The Committee also noted that Dexterra's return on invested capital, earnings before interest, taxes, depreciation and amortization ("**EBITDA**") multiple, dividend yield and price to book ratio had improved significantly and was in line with other Canadian public support services companies in 2020. It also noted that Dexterra had improved the balance sheet to be among the strongest in its peer group with Dexterra's debt substantially reduced.

Annual Salaries

Executive salaries are established after considering individual responsibilities and experience, size and complexity of operations or functions for which they are responsible, and competitive market information. This element provides a fixed level of cash compensation for performing these responsibilities. Salary adjustments consider the individual's success in their role and competitive market information.

Annual Cash Performance Bonus

The annual bonus for all NEOs is designed to pay out awards based on Dexterra's performance for the year. Financial performance is measured by reference primarily to year over year revenue growth, EBITDA margins, free cash flow, return on invested capital, safety and corporate culture measured by management turnover ratios and an individual performance component.

Revenue growth is measured on a year over year basis, while EBITDA margins, free cash flow, return on investment, safety performance metrics and management turnover are compared to specific target ranges. The Board takes these factors into consideration and applies subjectivity in determining the individual performance component for the CEO.

In 2020 all NEOs earned a cash bonus in accordance with the formulae described above in amounts set forth in the Summary Compensation Table set out below. These formulae are driven by Dexterra's financial and operational results and not its stock price; however, the 2020 cash bonus awards to NEOs are consistent with and positively correlated with Dexterra's financial performance for 2020 which reflects significant earnings growth related to the Transaction and operational performance. The overall growth in earnings and valuation is accretive to all shareholders.

Dexterra's long-term goal is to provide returns to Shareholders through share price appreciation and quarterly dividend payments. In the Board's view, continued focus on achieving improved annual financial and operational measures should lead to success in consistently achieving the long-term goal.

Long Term Incentive Plan – Options and Restricted and Performance Share Units

Dexterra continues to employ a "pay-for-performance philosophy" whereby fixed elements of pay are positioned at market median levels and short and longer-term incentives are structured to provide above-market total compensation for high levels of performance. Starting in 2021, Dexterra has taken a portfolio approach to long-term incentives for management by combining cash based performance share units ("PSUs") in with Options to purchase Common Shares. At Dexterra, a combination of PSUs and Options is currently being used to attain a market-competitive total direct compensation program for specified members of executive management.

The Committee has decided to not award cash based RSUs to management and as at the date hereof there are no management RSUs outstanding. In connection with the Transaction, the Board approved the accelerated vesting of all previously outstanding Options and RSUs, immediately prior to completion of the Transaction, pursuant to their terms, in accordance with the Option Plan or Dexterra's historical RSU Plan (the "**RSU Plan**"), as applicable, subject to each holder of Options entering into an Option Cancellation Agreement with Dexterra. All such holders entered into an Option Cancellation Agreement with Dexterra prior to completion of the Transaction pursuant to which they agreed to surrender such Options (all of which were out-of-the-money) for cancellation in exchange for a nominal payment of \$0.01 per Option. Concurrently, all RSUs were vested immediately prior to close of the Transaction and holders thereof received \$0.63 per RSU (the closing price of the Common Shares on the TSX on May 28, 2020, the day before completion of the Transaction). Following completion of the Transaction, on June 1, 2020, the Board approved the grant of 980,000 new Options (after giving effect to the Share Consolidation). For 2021, the Board has determined that employees are ineligible to receive RSUs, though employees may be granted PSUs as part the incentive plan. On January 5, 2021, in addition to Option grants for both management and the Board, the Board granted PSUs to members of management and RSUs to non-management members of the Board upon the recommendation of the Committee and based on work performed by Mercer. Accordingly, as of the date hereof, there are 1,317,272 Options outstanding, 28,970 RSUs outstanding and 301,454 PSUs outstanding.

Option Plan

The Option Plan permits the granting of Options to the directors, officers, employees and other eligible service providers of Dexterra and its subsidiaries for the purpose of providing an incentive to achieve the longer-term objectives of Dexterra; to give suitable recognition to the ability and industry of such persons who contribute materially to the success of Dexterra; and to attract and retain in the employ of Dexterra or any of its subsidiaries, persons of experience and ability by providing them with the opportunity to acquire an increased proprietary interest in Dexterra.

The Board views Options as an effective incentive to balance senior management's focus between short-term operating performance and profitable, long-term growth, which should translate into share price appreciation for the benefit of Shareholders. With Option grants vesting over time, they also serve as an effective employee retention tool. Despite the dilutive aspect of Options, they do directly align the interests of management and Shareholders as the benefits derived from Options parallel the benefits realized by Shareholders through share price appreciation. Options provide the potential for long-term rewards and above-average total compensation, provided Dexterra's financial and operating results lead to the enhancement of shareholder value.

Awards of Options are made from time to time to participants at varying levels consistent with the individual's position and responsibility. The process that Dexterra uses to grant Options to executive officers, including the NEOs, and the factors that are taken into account when considering new grants under the Option Plan, is based upon a number of criteria, including the performance of the executive officers, the number of Options available for grant under the Option Plan, the number of Options anticipated to be required to meet the future needs of Dexterra, as well as the number of Options previously granted to each of the NEOs. It is the full Board, as opposed to the Committee, which determines the need for any amendments to the Option Plan and it is the full Board which determines the number of Option grants to be made under the Option Plan. The CEO will provide input and recommendations to the Board regarding the granting of Options, from time to time. The term and other provisions of the Options are subject to the terms of the Option Plan.

Since the inception of the Option Plan there has been no financial assistance provided by Dexterra to any participant under the Option Plan to facilitate the purchase of Common Shares under the Option Plan.

As of March 30, 2021 (i) Dexterra has issued under the Option Plan, Options pursuant to which 1,317,272 Common Shares are issuable which represents 2.02% of the currently outstanding Common Shares; and (ii) there remains for issuance under the Option Plan, Options pursuant to which 5,189,670 Common Shares, which represents 7.98% of the issued and outstanding Common Shares, may be issued which represent, together with the outstanding Options, 10.0% of the currently outstanding Common Shares.

The Option Plan provides that the aggregate number of Common Shares issuable pursuant to Options granted under the Option Plan and under any other security based compensation arrangement, if any, and issued to insiders within any one year period and, issuable to insiders, shall in either case, not exceed 10% of the issued and outstanding Common Shares at the time of the grant of any share option. In addition, the Option Plan provides that the maximum number of Common Shares issuable pursuant to Options granted shall not exceed 10% of the aggregate number of issued and outstanding Common Shares. No Options shall be granted to any director of Dexterra who is not also an officer of Dexterra if such grant could result, at any time, in the total number of Common Shares issuable to all directors of Dexterra who are not also officers of Dexterra pursuant to Options exceeding 0.50% of the issued and outstanding Common Shares of Dexterra. In addition, the Option Plan contains (i) a limit on the number of Common Shares issuable pursuant to Options to any non-employee director, within any calendar year of \$100,000; and (ii) a limit on the number of Common Shares reserved for issuance under all security based compensation arrangements of Dexterra issued to any non-employee director, within any calendar year, of \$150,000; in each case calculated on the date of grant. There are additional limits imposed on the transferability of Options granted under the Option Plan such that Options will not be transferable or assignable and may not be made subject to execution, attachment or similar process, other than for normal estate settlement purposes or by operation of law and such that during the lifetime of an optionee, an Option will be exercisable only by the optionee and any elections with respect to an Option may be made only by the optionee.

The Option Plan provides for the exercise price to be determined by the Board provided that the exercise price of the Options may not be less than the closing price of the Common Shares on the TSX on the last business day preceding the date of grant. Options granted under the Option Plan will be for a term of no longer than ten years after granting of an Option. The currently outstanding Options have been granted so as to vest in equal one-third amounts over the first three years of the five-year term thereof. Participation in the Option Plan is voluntary. In order to constitute a valid Option under the Option Plan, the participant and Dexterra must enter into a valid Option agreement in a form acceptable to the Board. With respect to the termination of options, unless specifically amended or otherwise dealt with in a share option agreement: (a) in the case of death of an optionee, the right to exercise an Option shall extend to the earlier of (i) one year after the date of death or (ii) the expiry date of the Option set forth in the share option agreement, to the extent such Option was exercisable by the optionee on the date of death of the optionee; and (b) in the case of termination or cessation of employment of an optionee (who is not a consultant) for any reason (other than death) or, in the case of a consultant, upon cessation of the services agreement the right to exercise an Option shall be limited to and shall expire on the earlier of 60 days after the date of termination or cessation (in the case of an optionee who is not a consultant) and from the final service date (in the case of an optionee who is a consultant), or the expiry date of the Option set forth in the share option agreement, to the extent such Option was exercisable by optionee on the date of termination of such employment or final service date, as the case may be.

In the event of any change in the Common Shares through subdivision, consolidation, reclassification, amalgamation, and merger or otherwise or in the event of any other change in the Common Shares, the Board may proportionately adjust the number of Common Shares that may be issued under existing Option agreements.

The Option Plan also provides for the extension of the expiry date of any Option which would otherwise expire during a “black-out period” until the fifth business day following the expiry of the blackout period, provided that such extended expiration date shall not in any event be beyond the later of (i) December 31 of the calendar year in which the option was otherwise due to expire; and (ii) the 15th day of the third month following the month in which the Option was otherwise due to expire. The Option Plan also provides that the Board may, in its sole discretion and without further approval of the Shareholders, amend, suspend, terminate or discontinue the Option Plan and may amend the terms and conditions of Options granted under the Option Plan, subject to any required approval of any regulatory authority or the TSX. Subject to any required regulatory approval of any regulatory authority or stock exchange, the Board may at any time alter, amend or vary the Option Plan without the approval of the Shareholders if the alteration, amendment or variance does not: (a) increase the number of shares that can be issued under the Option Plan; (b) reduce the exercise price of an outstanding option except for the normal anti-dilution provisions whereby option values are maintained in connection with a subdivision, consolidation, conversion, reclassification, re-division or re-designation of Common Shares or a reorganization, amalgamation, consolidation, merger, takeover bid or similar transaction involving Dexterra; (c) extend the expiry date of an outstanding Option or amend the Option Plan to permit the grant of an Option with an expiry date of more than 10 years from the grant date (except where an expiry date would have fallen within a blackout period of Dexterra); (d) allow for the transfer of Options, except if the transfer is to an entity controlled by the Option holder, a charity or for estate planning or estate settlement purposes; (e) expand the categories of individuals eligible to participate in the Option Plan; or (f) amend the Option Plan to provide for other types of compensation through equity issuance.

In addition, the Option Plan contains a “clawback” provision which permits the Board to seek reimbursement of Options awarded to an officer of Dexterra pursuant to the Option Plan and any Common Shares issued upon exercise thereon, where: (i) the payment of such compensation was predicated on achieving certain financial results that were subsequently the subject of a substantial restatement of Dexterra’s financial statements filed with any securities regulatory authority; and (ii) the Board, in its discretion, determines that the officer engaged in gross negligence, intentional misconduct or fraud that caused or partially caused the need for the restatement.

The Option Plan requires approval from Shareholders for amendments to the Option Plan which result in: (i) any increase in the number of Common Shares issuable under the Option Plan or the number of unissued Common Shares that may be subject to Options granted to optionees under the Option Plan; (ii) any amendments which reduce the exercise price of an Option or any cancellation and reissuance of an Option; (iii) any amendment that extends the term of an Option beyond its original Option Period; (iv) any amendments to eligible participants that may permit the introduction or reintroduction of non-employee directors on a discretionary basis or amendments

that increase limits previously imposed on non-employee director participation; (v) any amendment with would permit Options granted under the Option Plan to be transferable or assignable other than for normal estate settlement purposes; (vi) any amendments to the amendment and termination provisions of the Option Plan; and (vii) amendments required to be approved by Shareholders under applicable law (including, without limitation, the rules, regulations and policies required by any relevant stock exchange).

The Option Plan burn rate is expressed as a percentage and is calculated in accordance with Section 613(p) of the TSX Company Manual, by dividing: (i) the number of securities granted under the Option Plan during the applicable fiscal year; by (ii) the weighted average number of securities outstanding for the applicable fiscal year. The Option Plan is not subject to a multiplier that may increase the number of shares to be issued on settlement based on performance or any other measure.

Restricted Share Units and Performance Share Units

The Board approved a cash-based RSU plan on May 5, 2016 which governs the issuance of non-assignable and non-transferrable RSUs of Dexterra. On December 1, 2020, the Board approved an Amended and Restated RSU and PSU Incentive Awards Plan (the “**Plan**”) to allow for, among other things, the grant of Performance Share Units (“**PSUs**”). The directors, officers and employees of Dexterra and its subsidiaries are eligible to participate in the Plan. The purpose of the Plan is to provide long term incentives to directors, officers and employees involved in the oversight and operations of Dexterra. The Plan is designed to foster and promote the long-term financial success of Dexterra and increase shareholder value by strengthening Dexterra’s capability to: attract and retain high quality individuals as directors, officers and employees; motivate performance through incentive compensation; recognize the contributions made by certain individuals to Dexterra’s growth and financial success; promote greater alignment of interests between Participants and shareholders in creating long-term shareholder value; and enable directors, officers and employees to participate in the long-term growth and financial success of Dexterra.

RSUs are notional shares that have the same value at any given time as the Common Shares, but do not entitle the participant to any shareholder rights, including without limitation, voting rights, dividend entitlement or rights on liquidation and are non-dilutive to Shareholders. The RSUs vest no later than the date that is the third anniversary of the end of the calendar year in which the services were performed in which the grant of RSUs relates. Vesting provisions for RSUs shall be fixed by the Board and the Board may at any time shorten the vesting period of all or part of any RSU award. In the event of a change of control, the Board may amend the terms of the issued RSUs to permit vesting prior to the completion of the change of control.

Each RSU has a payout value equal to the closing price of the Common Shares as of the date immediately preceding the applicable payout date, less any applicable withholding taxes. The payout date for issued RSUs is as soon as reasonably practicable after the vesting date.

The RSU Plan burn rate is expressed as a percentage and is calculated by dividing: (i) the number of securities granted under the RSU Plan during the applicable fiscal year; by (ii) the weighted average number of securities outstanding for the applicable fiscal year. The RSU Plan is not subject to a multiplier that may increase the number of shares to be valued on settlement based on performance or any other measure. No RSUs were granted in 2020, therefore the burn rate for 2020 is 0%.

PSUs are notional shares granted contingent upon achievement of the defined performance vesting criteria of total shareholder return measured over a three-year period from the grant date of the PSU (the “**Performance Period**”). PSUs do not entitle the participant to any shareholder rights, including without limitation, voting rights, dividend entitlement or rights on liquidation and are non-dilutive to Shareholders.

Performance Vesting Criteria for PSUs shall be fixed by the Board and the Board retains the discretion to make adjustments to the components of the Performance Vesting Criteria as necessary to reflect the intent thereof in the event of a change in Dexterra’s share structure over the Performance Period. Performance Criteria set by the Board at the time of the grant of PSUs, may include i) total shareholder return (“**TSR**”), including dividends; ii) the participant’s satisfactory individual performance; and (iii) any other terms and conditions the Board may in its discretion determine with respect to vesting.

The aggregate number of PSUs which vest may be equal to or less than 100% of the target number of PSUs granted for the Performance Period based on the level of performance achieved as set out in the chart below:

Total Shareholder Return for the Performance Period	Percentage of PSUs that vest
Less than 40%	0% vest
40%	50% vest
52%	75% vest
73% or greater	100% vest

As soon as practicable after the end of the applicable Performance Period the Board shall determine the TSR of Dexterra over the three-year Performance Period. The Board may use Dexterra's CFO who may also obtain information including from Bloomberg to calculate TSR.

TSR for the Performance Period will be calculated using the following formula:

$$\text{TSR} = \{(\text{vesting price} - \text{grant price}) + \text{dividends}\} \div \text{grant price}$$

Where:

"**vesting price**" is calculated as the volume weighted average trading price of the Common Shares of Dexterra on the applicable stock exchange for the last 20 trading days of the Performance Period.

"**grant price**" is calculated as the volume weighted average trading price of the Common Shares on the applicable stock exchange for the last 20 trading days prior to the beginning of the Performance Period.

"**dividends**" includes all dividends or distributions paid during the Performance Period on such Common Shares.

For greater clarity, the following is an example calculation of TSR over the Performance Period where the grant price was \$6.00, the vesting price was \$8.00, and there were \$0.90 in cumulative dividends paid over the Performance Period.

Example:

$$\frac{\{(\$8.00 - \$6.00) + \$0.90\}}{\$6.00} = 48.33\%$$

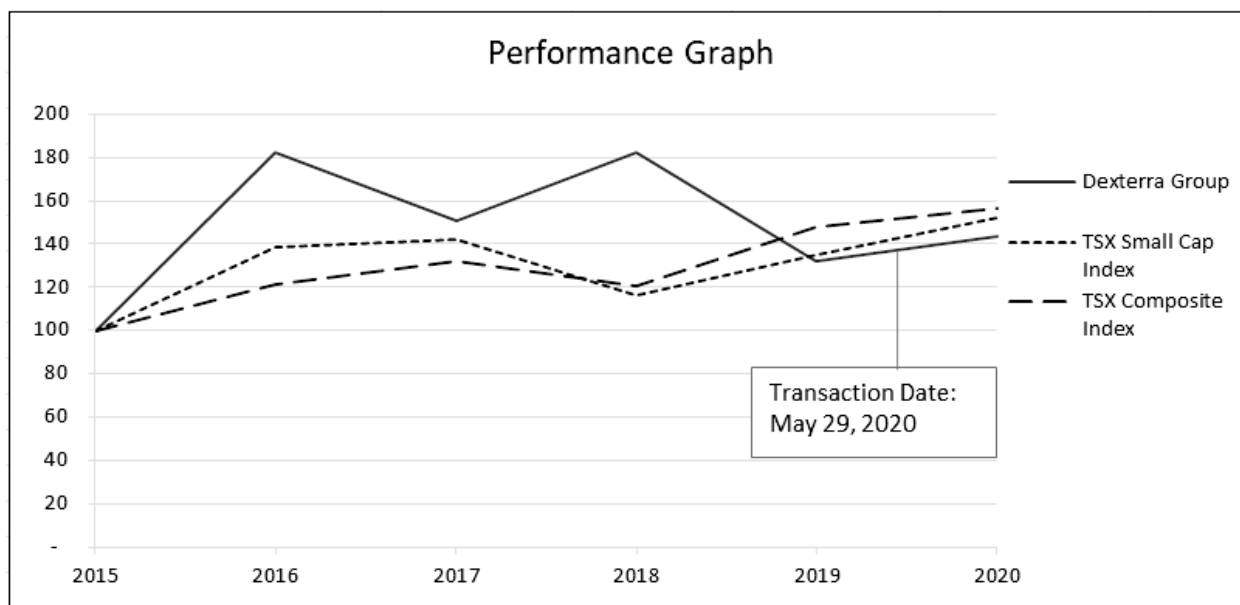

The payout date for issued PSUs is as soon as reasonably practicable after the vesting date, less any applicable withholding taxes.

The maximum value of PSUs and RSUs granted to any one non-employee director within any one year period, when aggregated with the securities granted under all security based compensation arrangements of Dexterra to the non-employee director during such period, shall not exceed \$150,000, as calculated based on a fair value basis of the PSUs and RSUs on the date of grant.

In 2020, no PSUs were issued and no RSUs were issued. For 2021, the Board has determined that employees will not receive RSUs. On January 5, 2021, both employees and directors were granted Options, PSUs were granted to employees and directors received RSUs. The Board determined that no PSUs are to be granted to the directors.

Share Price Performance Graph in Relation to Executive Compensation

Dexterra compensates its NEOs through annual salary, annual performance bonus and equity-based compensation. As outlined in the "Compensation Discussion and Analysis", executive salaries are established after considering individual responsibilities and experience, providing a fixed level of compensation for performing these responsibilities. Compensation derived from the annual performance bonus and equity-based compensation for NEOs are generally consistent with the trend illustrated in the above Performance Graph.

Within total compensation, in 2020, the Committee sought to balance the various components with a view to recognize the burden of navigating these difficult Covid-19 times while driving to achieve short term and long-term objectives and in particular the reverse takeover transaction. Besides base salary and personal benefits all other compensation is at-risk, which means that all the cash bonus and share options are at-risk and tied to Dexterra's performance for all NEOs.

COMPENSATION OF NAMED EXECUTIVE OFFICERS

Compensation was paid to the NEOs during the most recently completed fiscal year as disclosed below.

Summary Compensation Table

The following table sets forth the annual and long-term compensation provided for the individuals serving as Dexterra's CEO and CFO during the year, and the next three most highly compensated executive officers (each a NEO) for the 2020 fiscal year. For a listing of amounts actually realized on vesting of share-based awards and on exercise of option-based awards during 2020, please see the section entitled "Incentive Plan Awards".

Notes:

- RSUs are granted from time to time in accordance with Dexterra's RSU Plan. No RSUs were granted in 2020 and the Committee has determined that employees are no longer eligible for RSUs. The fair market value for the RSU grant to the NEOs in 2019 is based on \$1.94, in 2018 is based on \$2.98 (and \$1.97 for Mr. Graham and \$2.44 for Mr. Becker), which was the closing price of the Common Shares on the TSX on the date of the respective RSU grants. RSUs vest equally over three years, the actual value realized upon the future vesting and payment of such awards may be greater or less than the grant date fair value indicated.
- The value to the recipient of any Option grant is Nil on the grant date as the exercise price of the Option is equal or greater than the market value of the underlying Common Share. The value, if any, ultimately received by an Option holder as compensation is equal to the difference between the fair value of the underlying Common Share on the date the Option is exercised and the exercise price of the Option. This amount is also equal to the value forgone by Dexterra when it issues a Common Share on exercise of an Option at a price that is less than the prevailing market price. The fair value of the Options granted annually is obtained by multiplying the number of Options granted by their value established according to the Black Scholes model. In 2020, this value was determined using the following assumptions: dividend yields of 0.0% to 4.93%; expected average volatilities of 57.29% to 70.45%; average risk-free rates of interest of 0.19% to 0.37%; average forfeiture rate of 9.87% to 10.08%; and average expected life of option of three years. In 2019, this value was determined using the following assumptions: dividend yields of 4.0% to 7.9%; expected average volatilities of 43.19% to 57.36%; average risk-free rates of interest of 1.33% to 1.68%; average forfeiture rate of 8.35% to 9.21%; and average expected life of option of three years. In 2018, this value was determined using the following assumptions: dividend yields of 2.7% to 5.2%; expected average volatilities of 40.40% to 61.11%; average risk-free rates of interest of 1.72% to 2.39%; average forfeiture rate of 8.83% to 9.35%; and average expected life of option of three years. The fair value of option grants have been determined using the same methodology and values used in

determining the option value for our financial statements as we believe it represents the best estimate of fair value of the options at the time of the grant.

- (3) See “Annual Performance Bonus”.
- (4) Refers to all non-equity incentive plan compensation related to a period longer than one year. No non-equity long-term incentives were earned by NEOs during the 2018, 2019 or 2020 financial years.
- (5) Unless otherwise noted hereunder, the value of perquisites and benefits for each NEO is less than \$50,000 and less than 10% of each NEO’s total salary for the financial year ended December 31, 2020; Rod Graham – received a \$350,000 bonus in connection with Transaction; Scott Matson – received a \$75,000 bonus in connection with the Transaction and a \$327,975 “Termination Due to Change in Control” payment. Mr. Graham received \$9,375 compensation as a non-management director for the period November 15, 2020 to December 31, 2020 (being the period of time he was no longer CEO, Co-CEO or providing transition services to the Corporation).

Termination and Change of Control Benefits

Prior to the Transaction, Dexterra had executive employment agreements or arrangements with Messrs. Rod Graham, Scott Matson and Mark Becker. Under the terms of those executive employment agreements, the Transaction did not result in or trigger a “change of control” as defined therein. Concurrent with closing of the Transaction, Dexterra entered into executive employment agreements with each of Rod Graham (former co-CEO) and John MacCuish, Scott Matson (former CFO) and Mark Becker, the terms of which continue until terminated in accordance with the provisions of the agreements. The executive employment agreements for Messrs. Graham, MacCuish and Becker came into effect upon closing of the Transaction on May 29, 2020, while Mr. Matson’s executive employment agreement was unchanged from prior to the Transaction. Mr. Matson received a payment of \$327,975 classified “*Termination due to Change of Control*”. Mr. Graham did not receive a termination payment upon his voluntary resignation as co-CEO on August 18, 2020. Dexterra has also entered into an executive employment agreement with R. Drew Knight, CFO on July 2, 2020. Each of the executive employment agreements set out below include non-competition and non-solicit restrictions for a period of twelve (12) months following termination, whether or not for cause. The current termination and change of control provisions in each agreement are as follows:

	Mr. MacCuish (CEO), Mr. Becker (COO) and Mr. Knight (CFO)
<i>Termination by Resignation</i>	The officer shall provide Dexterra with 90 days’ notice of resignation and all salary and benefit programs cease at the end of the notice period.
<i>Termination Without Cause</i>	If the officer’s employment is terminated without cause, Dexterra will make a lump sum payment to the officer equal to the sum of his then current annual salary plus an amount equal to the average of the bonuses paid to him for the previous two complete fiscal years plus an amount equal to 10% of his then current annual salary in lieu of lost benefits. Such a payment due to termination without cause, as calculated at December 31, 2020, would amount \$950,300 for Mr. MacCuish and \$497,140 for Mr. Becker and \$426,000 for Mr. Knight.
<i>Termination due to Death</i>	The officer’s employment with Dexterra shall be deemed to have terminated upon his death. In this event, Dexterra would make a payment to his spouse equal to the remuneration earned, but not yet paid, up to the date of his death.

	Mr. MacCuish (CEO), Mr. Becker (COO) and Mr. Knight (CFO)
<i>Termination upon Permanent Disability</i>	In the event that the officer should suffer a permanent disability, his employment with Dexterra may be terminated upon providing him 60 days notice.
<i>Termination for Just Cause</i>	Dexterra may terminate the officer's employment without notice for reasons of just cause. In this event, Dexterra would make a payment to the officer equal to the remuneration earned, but not paid, up to the date of the termination of employment.
<i>Termination due to Change of Control</i>	The officer has the right, for a period of 90 days following any event causing a change of control, to elect to terminate his employment with Dexterra. In such an event, the CEO is entitled to receive a lump sum payment equal to the sum of his then current annual salary plus an amount equal to the average of the bonuses paid to Dexterra's CEO for the previous two complete fiscal years plus an amount equal to 10% of his then current annual salary in lieu of lost benefits. Such a payment due to termination without cause, as calculated at December 31, 2020, would amount to \$950,300 for Mr. MacCuish, and \$497,140 in the case of Mr. Becker and \$426,000 in the case of Mr. Knight.

Directors are expected to attend all scheduled Board and committee meetings in person, although attendance by telephone or video conference is permissible in appropriate circumstances. Directors are also expected to prepare thoroughly in advance of each meeting in order to actively participate in the deliberations and decisions.

The Board recognizes the importance of ongoing director education and the need for each director to take personal responsibility for this process. Each director is expected to participate in continuing education programs to maintain any professional designation that they may have and to stay current on relevant issues such as corporate governance, financial and accounting practices. In addition, each director is expected to participate in programs that would be necessary to maintain a level of expertise in order to perform his or her responsibilities as a director and to provide on-going guidance and direction to management. The Board encourages and promotes an overall culture of ethical business conduct by promoting compliance with applicable laws, rules and regulations; providing guidance to directors, officers and employees to help them recognize and deal with ethical issues; promoting a culture of open communication, honesty and accountability; and ensuring awareness of disciplinary action for violations of ethical business conduct. The Board has also a Communications and Social Media Policy which regulates the manner in which material information is determined and disseminated.

Selection of Directors and Diversity

Candidates for the Board must exhibit the highest degree of integrity, professionalism, values and independent judgement. With this goal in mind, the Board annually evaluates potential nominees to the Board by reviewing the qualifications of prospective members and determines their relevance taking into consideration current Board composition and the anticipated skills required to round out the capabilities of the Board, including a broad range of experience and knowledge and diversity of membership.

The Corporate Governance and Compensation Committee utilizes a Board Composition Matrix to identify those areas which are necessary for the Board to carry out its mandate effectively, allowing the Corporate Governance and Compensation Committee to identify criteria that a new candidate for the Board should possess. The Board succession planning process involves maintaining a skills matrix, which helps the Corporate Governance and Compensation Committee and the Board identify any gaps in the skills and competencies considered most relevant for Dexterra. Each director is asked to indicate the skills and competencies that each director, including themselves, has demonstrated. The following table lists the top four competencies of the directors, together with their gender, tenure and age.

Note:

- (1) Mr. Graham is not standing for re-election at the Meeting.

The qualities which Dexterra seeks in its directors as well as in its executive officer positions restricts the availability of suitable individuals, as does its experience that a director or executive officer should be an individual with whom Dexterra has had sufficient experience to ensure there is mutual compatibility. Given these limiting paramount considerations and Fairfax's current board nomination rights under the Investment Rights Agreement that allows it to nominate up to 50% of the Board, the achievement of diversity of race, ethnicity, gender, national origin, sexual orientation, abilities or similar categorizations is not an overriding a factor in Dexterra's choice of directors or executive officers, and Dexterra does not have any formal policy on gender or other diversity on its Board or among its executive officers or on the identification and nomination of female directors, do not have fixed percentages or targets for any selection criteria.

However, Dexterra is committed to the fundamental principles of equal employment opportunities which are prescribed in its employment policies which further provide for Dexterra's commitment to treating people fairly, with respect and dignity, and to offering equal employment opportunities based upon an individual's qualifications and performance. Dexterra's employees represent diversity of culture, ethnicity and age demographic.

Diversity is one of the core values that drives Dexterra's business. Through diversity and inclusion, Dexterra is creating a work culture that inspires employees to embrace initiative and drive innovation. Dexterra is certified and will remain committed to Employment Equity under the Federal Contractors Program.

In addition to the value of Diversity, Dexterra's new values include Accountability, Trust and Partnership. These were introduced following feedback from employees. Dexterra's directors and leaders have been equipped to demonstrate and support behaviours aligned with its core values.

Dexterra recognizes that the quality of its people is critical to its success. The quality of Dexterra's people, their engagement and focus are significant factors in Dexterra's performance. Dexterra invests in resources and programming to attract, retain, and develop high-quality talent across the company and at all levels. Dexterra works to cultivate a culture of positive engagement and performance. Dexterra is powered by passionate people.

As at the date hereof, one of the eight members of the Board of Dexterra are women (12.5%). One of the seven (7) director nominees are women. Should Ms. Garden be elected to the Board, Dexterra would then have one woman on its Board (14.3%). As at the date hereof, three of the eight executive officers of Dexterra are women (37.5%).

Board Performance Evaluation

The Corporate Governance and Compensation Committee has the mandate and responsibility to ensure that a process is in place for the annual review of the performance of individual directors, the Board as a whole and the Board committees. Typically, annual board evaluations are conducted at the start of each year which require directors to complete questionnaires rating items such as structure and size of the Board and each committee, the knowledge and diversity of membership as well as the quality and timeliness of information received for discussion and the overall effectiveness in decision making. These questionnaires also include individual director self-evaluations along with committee evaluations. The completed questionnaires are forwarded to the Corporate Secretary who compiles the results into a single document that includes any comments that may have been forwarded, for presentation to the Chair of the Corporate Governance and Compensation Committee. The anonymity of any particular submitter is maintained with the aggregate results presented to the Chair of the Corporate Governance and Compensation Committee. The results are then communicated to the full Board for discussion and recommendations as necessary.

The Board has deferred its annual assessment process as the structure of the Board and its committees have changed as a result of the completion of the Transaction. The newly reconstituted Board plans to conduct a Board assessment in 2021.

Director Term Limits and Other Mechanisms of Board Renewal

The Board has not adopted term limits for the directors on the Board or other mechanisms of Board renewal. Instead, the Corporate Governance and Compensation Committee have the mandate and responsibility to ensure that a process is in place for the annual review of the performance of individual directors, the Board as a whole and the Board Committees. Through this annual review process, such committee determines whether an individual director is able to continue to make an effective contribution. The Board is of the view that such annual review process is more effective than terms limits or other mechanisms of Board renewal such as a mandatory retirement age.

Communicating with the Board

Shareholders may write to the Board or any member or members of the Board in care of the Corporate Secretary at the head office of Dexterra, at the following address:

Dexterra Group Inc.
5915 Airport Rd., Suite 425, Mississauga, ON L4V 1T1

Letters addressed to the Board, or any individual independent director, are reviewed as a group to determine if a response from the Board is appropriate. While the Board oversees management, it does not participate in the day-to-day functions and operations of Dexterra and is not normally in the best position to respond to inquiries on those matters. Inquiries on operations or day-to-day management of Dexterra will be directed to the appropriate personnel within Dexterra for a response. The Board has instructed the Corporate Secretary to review all correspondence and, in her discretion, not to forward any items if they:
