

NOTICE OF ANNUAL GENERAL MEETING OF SHAREHOLDERS

NOTICE IS HEREBY GIVEN THAT the Annual General Meeting (“**Meeting**”) of holders (“**Shareholders**”) of common shares (“**Common Shares**”) of Dexterra Group Inc. (“**Dexterra**”) will be held on **Wednesday, May 8, 2024 at 11:00 a.m. EST** for the following purposes:

1. to receive the consolidated audited financial statements of Dexterra for the financial year ended December 31, 2023 and the Auditor’s report thereon;
2. to elect directors;
3. to appoint an auditor; and
4. to transact such other business as may be properly brought before the Meeting.

The Meeting will be held in a virtual only format, which will be conducted via live audio webcast at <https://web.lumiagm.com/229327636>. During the live audio webcast, Shareholders will be able to hear the Meeting live, and registered Shareholders and duly appointed and registered proxyholders will be able to submit questions and vote while the Meeting is being held. Dexterra hopes that hosting a virtual Meeting will enable greater participation by its Shareholders by allowing Shareholders that might not otherwise be able to travel to a physical meeting to attend online. Details on how to access the Meeting and proxy-related materials can be found in the Management Information Circular, accompanying this Notice of Meeting. Dexterra will be using the Notice-and-Access mechanism permitted by the Canadian Securities Administrators that reduces the volume of materials that must be physically mailed to shareholders by allowing a reporting issuer to post an information circular in respect of a meeting of its shareholders and related materials, online.

Only Shareholders of record at the close of business on March 19, 2024 are entitled to notice of and to attend the Meeting or any adjournment or postponement thereof and to vote thereat. **A Shareholder may attend the Meeting or may be represented by proxy at the live audio webcast. Shareholders who are unable to attend the Meeting or any adjournment or postponement thereof are requested to complete and return the accompanying instrument of proxy for use at the Meeting or any adjournment or postponement thereof and return it in the envelope provided, or vote online at www.meeting-vote.com, by telephone at 1-888-489-5760 or fax by at 416-595-9593.**

BY ORDER OF THE BOARD OF DIRECTORS,

MANAGEMENT INFORMATION CIRCULAR AND PROXY STATEMENT
FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 8, 2024

GENERAL

In this Management Information Circular and Proxy Statement ("**Information Circular**"), unless otherwise noted, all dollar amounts are expressed in Canadian dollars. Information contained in this Information Circular is given as of March 19, 2024, unless otherwise stated.

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of Dexterra Group Inc. ("Dexterra") for use at the Annual General Meeting (the "Meeting") of holders ("Shareholders") of common shares ("Common Shares") of Dexterra to be held on Wednesday, May 8, 2024 at 11:00 a.m. EST via live audio webcast at <https://web.lumiagm.com/229327636> and at any adjournment(s) or postponement(s) thereof, for the purposes set forth in the accompanying Notice of Meeting.

Accompanying this Information Circular (and filed with applicable securities regulatory authorities) is the form of proxy (the "**Instrument of Proxy**") for use at the Meeting, by registered holders of Common Shares ("**Registered Shareholders**").

Proxies will be solicited by mail and may also be solicited personally or by telephone or facsimile by the directors or officers of Dexterra, who will not be specifically remunerated therefore. The cost of solicitation by management of Dexterra will be borne by Dexterra. Dexterra may pay the reasonable costs incurred by persons who are the registered but not beneficial owners of voting securities of Dexterra (such as brokers, dealers, other registrants under applicable securities laws, nominees and/or custodians) in sending or delivering copies of this Information Circular, the Notice of Meeting and voting instruction form to the beneficial owners of such securities. Dexterra will provide, without cost to such persons, upon request to Dexterra, additional copies of the foregoing documents required for this purpose.

NOTICE-AND-ACCESS

Dexterra has elected to use the "notice-and-access" provisions under National Instrument 54-101 *Communications with Beneficial Owners of Securities of a Reporting Issuer* (the "**Notice-and-Access Provisions**") for the Meeting in respect of mailings to its shareholders who do not hold their Common Shares in their own name but rather hold their Common Shares indirectly through accounts with such institutions as brokerage firms, banks and trust companies (referred to in this Information Circular as "**Beneficial Shareholders**"). Dexterra will also be using the Notice-and-Access Provisions in respect of mailings to its Registered Shareholders. The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials that must be physically mailed to shareholders by allowing a reporting issuer to post an information circular in respect of a meeting of its shareholders and related materials, online.

Dexterra will be delivering proxy-related materials directly to non-objecting Beneficial Shareholders and indirectly through intermediaries to objecting Beneficial Shareholders, and Dexterra intends to pay intermediaries for the delivery of such material.

The Information Circular together with related materials have been posted and are available for review on Dexterra's profile on SEDAR+ at sedarplus.ca. The Information Circular and related proxy materials are also available at www.meetingdocuments.com/TSXT/dxt.

HOW TO OBTAIN PAPER COPIES OF MEETING MATERIALS:

Shareholders may request that paper copies of the Meeting materials be sent to them by contacting TSX Trust Company at 1-888-433-6443 or tsxt-fulfilment@tmx.com.

In order to allow Shareholders a reasonable time to receive paper copies of the Information Circular and related materials by mail and to vote their Common Shares, it is recommended that requests for Meeting materials be received on or before April 22, 2024. However, requests for Meeting materials may be made up to one year from the date the Information Circular was filed.

A Shareholder may also obtain additional information about the Notice-and-Access provisions by calling TSX Trust Company toll-free at 1-888-433-6443.

ATTENDING AND PARTICIPATING AT THE VIRTUAL MEETING

Registered Shareholders and duly appointed proxyholders (including Beneficial Shareholders who have duly appointed themselves as proxyholders) will be able to attend, submit questions and vote at the Meeting online at <https://web.lumiagm.com/229327636>.

Questions submitted via the Lumi online platform that relate to the business of the Meeting are expected to be addressed in the question-and-answer section of the Meeting. Such questions will be read by the Chair of the meeting or a designee of the Chair and responded to by a representative of Dexterra as they would be at in-person shareholders meetings. Questions submitted via the Lumi online platform will be moderated before being sent to the Chair of the Meeting. This is to avoid repetition and to ensure an orderly Meeting. The Chair of the meeting will decide on the amount of time allocated to each question and will have the right to limit or consolidate questions and to reject questions that do not relate to the business of the Meeting or which are determined to be inappropriate or otherwise out of order. Questions can be submitted at any time as prompted by the Chair during the Meeting until the Chair closes the session.

Registered Shareholders and duly appointed proxyholders (including Beneficial Shareholders who have duly appointed themselves as proxyholders) may enter the Meeting by clicking “I have a control number” and entering a valid control number and the password “**dexterra2024**” (case sensitive) before the start of the Meeting. Guests, including Beneficial Shareholders who have not duly appointed themselves as a proxyholder, can log in to the Meeting by clicking “I am a guest” and completing the online form. Guests will be able to listen to the Meeting, but will not be able to ask questions or vote. See “*Instructions on Voting at the Meeting*” for additional information on voting at the Meeting and “*Instructions on Voting at the Meeting – Appointing a Proxy*” for additional information on appointing yourself or a third party as a proxyholder and registering with TSX Trust Company.

If you attend the Meeting online, it is important that you are connected to the internet at all times during the Meeting in order to vote when balloting commences. You should ensure you have a strong, preferably high-speed, internet connection wherever you intend to participate in the Meeting. You will need the latest versions of Chrome, Safari, Edge and Firefox. Please ensure our browser is compatible by logging in early. **PLEASE DO NOT USE INTERNET EXPLORER.** *Caution: Internal network security protocols including firewalls and VPN connections may block access to the Lumi platform for the Meeting. If you are experiencing any difficulty connecting to the Meeting, ensure your VPN setting is disabled or use a computer on a network not restricted to security settings of your organization.* The Meeting will begin promptly at **11:00 a.m. EST on May 8, 2024**, unless otherwise adjourned or postponed. Online check-in will begin one hour prior to the Meeting, at **10:00 a.m. EST**. It is recommended that you log in online at least 15 minutes before the Meeting starts to allow ample time for online check-in procedures.

INSTRUCTIONS ON VOTING AT THE MEETING

How to vote depends on whether you are a Registered Shareholder or Beneficial Shareholder. You are a Registered Shareholder if the Common Shares you own are registered directly in your name. You are a Beneficial Shareholder if the Common Shares you own are registered for you in the name of an intermediary such as a bank, trust company, securities broker or other nominee (each, an “**Intermediary**”).

Registered Shareholders

Registered Shareholders may vote their Common Shares in the following ways: (1) in advance of the Meeting by submitting the Instrument of Proxy provided herewith by mail, internet, telephone or fax, as outlined below under “*Voting in Advance of the Meeting*” or (2) during the Meeting by voting online through the live audio webcast platform.

Registered Shareholders who wish to be represented at the Meeting by proxy must complete and deliver the Instrument of Proxy or other proper form of proxy to TSX Trust Company in the manner set out in the Instrument of Proxy. Shareholders are entitled to vote on all matters as described in the Instrument of Proxy. R. William McFarland and Mark Becker (the management designees named in the accompanying Instrument of Proxy) are officers and/or directors of Dexterra. **A Shareholder has the right to appoint a person (who need not be a Shareholder), other than R. William McFarland and Mark Becker, to represent such Shareholder at the Meeting.** To exercise this right, a Shareholder should insert the name of the person being appointed as proxyholder in the blank space provided on the Instrument of Proxy. Such Shareholder should notify the nominee of the appointment, obtain the nominee's consent to act as proxy and should provide instructions on how the Shareholder's Common Shares are to be voted. An Instrument of Proxy will not be valid unless it is deposited at the offices of TSX Trust Company, Proxy Department, P.O. Box 721, Agincourt, Ontario M1S 0A1, by **11:00 a.m. EST** on Monday, May 6, 2024 or, if the Meeting is adjourned or postponed, not less than 48 hours (excluding Saturdays, Sundays and statutory holidays) before the time and date of the adjourned or postponed Meeting or with the Chair of the Meeting prior to commencement thereof. Registered Shareholders may also submit their Instrument of Proxy by internet, telephone or fax, as described below under "*Voting in Advance of the Meeting*". Registered Shareholders who wish to appoint a proxy different than the management designees **MUST** submit an Instrument of Proxy appointing a proxyholder **AND** register that proxyholder by contacting TSX Trust Company by going to TSX Trust Company's website at <https://www.tsxtrust.com/control-number-request> to complete and submit the electronic form or by calling 1-866-751-6315 (in North America) or 1-416-682-3860 (outside North America) by **11:00 a.m. EST** on Monday, May 6, 2024 or, if the Meeting is adjourned or postponed, not less than 48 hours (excluding Saturdays, Sundays and statutory holidays) before the time and date of the adjourned or postponed Meeting. Registering your proxyholder is an additional step to be completed **AFTER** you have submitted your Instrument of Proxy. Failure to register the proxyholder will result in the proxyholder not receiving a control number that will act as their online sign-in credentials and that is required for them to vote at the Meeting. Registered Shareholders are encouraged to submit their Instrument of Proxy as soon as practicable. See "*Instructions on Voting at the Meeting – Appointing a Proxy*" below.

Registered Shareholders who want to attend the Meeting virtually and vote online during the Meeting should not complete the Instrument of Proxy and should instead follow the instructions below:

Step 1: Log in online at <https://web.lumiagm.com/229327636> at least 15 minutes before the Meeting starts.

Step 2: Click "I have a control number" and then enter your control number and password "**dexterra2024**" (case sensitive) and complete an online ballot during the Meeting. The control number is located on the Instrument of Proxy or in the email notification you received from TSX Trust Company.

If you use your control number to log in to the Meeting and you have previously completed and submitted a proxy, there is no need to vote again as your vote has already been recorded. Any vote you cast at the Meeting will revoke any proxy you previously submitted.

Beneficial Shareholders

Beneficial Shareholders are Shareholders whose Common Shares are not held in their own name but in the name of a "nominee" such as a bank, trust company, securities dealer or broker, or other intermediary. As such, the Intermediary will be the entity legally entitled to vote the Common Shares held by such Beneficial Shareholders and must seek such Beneficial Shareholders' instructions as to how to vote such Beneficial Shareholders' Common Shares.

A Beneficial Shareholder may vote their Common Shares in two ways: (1) in advance of the Meeting by submitting the voting instruction form to the Intermediary, or (2) during the Meeting by voting online through the live audio webcast platform, **BUT** only if such Beneficial Shareholder has duly appointed themselves as proxyholder **AND** has registered as proxyholder with TSX Trust Company in order to receive a control number, as described further below.

Beneficial Shareholders, except those that have previously informed their Intermediary that they do not wish to receive material relating to shareholders' meetings will have received the voting instruction form. The voting instruction form contains instructions on how to complete the form, where to return it to and the deadline for returning it, which may be earlier than the deadline for Registered Shareholders. It is important that you read and follow the instructions on the voting instruction form in order to have your vote count. If you are unsure about anything in such voting instructions, contact your bank, trust company, securities dealer or broker, or other intermediary through which you hold your Common Shares.

Beneficial Shareholders who wish to vote at the Meeting through the live audio webcast platform, must insert their own name in the space provided on the voting instruction form received from the Intermediary. In so doing, such Beneficial Shareholder will be instructing its Intermediary to appoint such Beneficial Shareholder as proxyholder. Beneficial

Shareholders must adhere strictly to the signature and return instructions provided by the Intermediary. It is not necessary to complete the form in any other respect since such Beneficial Shareholder will be voting at the Meeting by voting online through the live audio webcast platform. Beneficial Shareholders who wish to vote at the Meeting must register as proxyholder by contacting TSX Trust Company by going to TSX Trust Company's website at <https://www.tsxtrust.com/control-number-request> to complete and submit the electronic form or by calling 1-866-751-6315 (in North America) or 1-416-682-3860 (outside North America). TSX Trust Company will then provide the Beneficial Shareholder with a control number by email after the proxy voting deadline has passed. The control number is the Beneficial Shareholder's username for the purposes of logging into the Meeting.

Beneficial Shareholders who do not plan to attend the Meeting can either mark their voting instructions on the voting instruction form or appoint another person (a proxyholder) to attend the Meeting and vote their Common Shares for them. Beneficial Shareholders who appoint a proxyholder other than R. William McFarland and Mark Becker (the management designees on the voting instruction form) must submit their voting instruction form appointing that proxyholder **AND** register that proxyholder by contacting TSX Trust Company by going to TSX Trust Company's website at <https://www.tsxtrust.com/control-number-request> to complete and submit the electronic form or by calling 1-866-751-6315 (in North America) or 1-416-682-3860 (outside North America). TSX Trust Company will then provide the proxyholder with a control number by email after the proxy voting deadline has passed. The control number is the proxyholder's username for the purposes of logging into the Meeting. See "*Instructions on Voting at the Meeting – Appointing a Proxy*" below for additional information on appointing and registering a proxyholder with TSX Trust Company.

Only Registered Shareholders, or the persons they appoint as their proxies, are permitted to attend and vote at the Meeting. **If you are a Beneficial Shareholder and wish to vote at the Meeting, you must insert your own name in the space provided on the voting instruction form sent to you by your Intermediary, follow all of the applicable instructions provided by your Intermediary AND register yourself as your proxyholder by contacting TSX Trust Company** by going to TSX Trust Company's website at <https://www.tsxtrust.com/control-number-request> to complete and submit the electronic form or by calling at **1-866-751-6315 (in North America) or 1-416-682-3860 (outside North America), as further described below under "*Instructions on Voting at the Meeting – Appointing a Proxy*".** By doing so, you are instructing your Intermediary to appoint you as proxyholder. It is important that you comply with the signature and return instructions provided by your Intermediary. TSX Trust Company will then provide a control number that will act as your online sign-in credentials by email after the proxy voting deadline has passed and you have been duly appointed.

Beneficial Shareholders who have duly appointed themselves as a proxyholder that attend the Meeting online will be able to vote by completing a ballot online during the Meeting through the live audio webcast platform as follows:

Step 1: Log in online <https://web.lumiagm.com/229327636> at least 15 minutes before the Meeting starts.

Step 2: Click "I have a control number" and then enter your control number and password "**dexterra2024**" (case sensitive). Proxyholders (including Beneficial Shareholders who have appointed themselves as proxyholder) who have been duly appointed and registered with TSX Trust Company will receive a control number by email from TSX Trust Company after the proxy voting deadline has passed.

Failing to register your proxyholder with TSX Trust Company will result in the proxyholder not receiving a control number, which is required to vote at the Meeting. Beneficial Shareholders who have not duly appointed themselves as proxyholder will not be able to vote at the Meeting but will be able to participate as a guest.

Beneficial Shareholders who have provided voting instructions to their Intermediary and change their mind about how they want to vote, or who decide to attend the Meeting and vote online, must contact their Intermediary to find out what to do.

If you are a Beneficial Shareholder and you have previously appointed yourself as proxyholder, completed and submitted a proxy, there is no need to vote again as your vote has already been recorded. Any vote you cast at the Meeting as a duly appointed proxyholder will revoke any proxy you previously submitted.

Appointing a Proxy

Shareholders who wish to appoint a person other than R. William McFarland and Mark Becker, the management designees identified in the Instrument of Proxy or voting instruction form (including a Beneficial Shareholder who wishes to appoint himself as proxyholder), to represent them at the Meeting **MUST** submit their Instrument of Proxy or voting instruction form (as applicable), appointing such proxyholder **AND** register that proxyholder online, as described below.

Registering your proxyholder is an additional step to be completed **AFTER** you have submitted your Instrument of Proxy or voting instruction form. Failure to register the proxyholder with TSX Trust Company will result in the proxyholder not receiving a control number to participate in the Meeting and only being able to attend as a guest. Guests will be able to listen to the Meeting but will not be able to vote.

Step 1: Submit your Instrument of Proxy or voting instruction form: To appoint a proxyholder, insert such person's name in the blank space provided in the Instrument of Proxy or voting instruction form and follow the instructions for submitting such Instrument of Proxy or voting instruction form. This must be completed prior to registering such proxyholder.

Step 2: Register your proxyholder: To register a proxyholder, Shareholders must contact TSX Trust Company by going to TSX Trust Company's website at <https://www.tsxtrust.com/control-number-request> to complete and submit the electronic form or by calling at 1-866-751-6315 (in North America) or 1-416-682-3860 (outside North America) by **11:00 a.m. EST** on Monday, May 6, 2024, or, if the Meeting is adjourned or postponed, not less than 48 hours (excluding Saturdays, Sundays and statutory holidays) before the time and date of the adjourned or postponed Meeting, and provide TSX Trust Company with the required proxyholder contact information so that TSX Trust Company may provide the proxyholder with a control number via email. Without a control number, proxyholders will not be able to vote or ask questions at the Meeting but will be able to participate as a guest.

Validly appointed proxyholders will be able to vote by completing a ballot online during the Meeting through the live audio webcast platform as follows:

Step 1: Log in online at <https://web.lumiagm.com/229327636> at least 15 minutes before the Meeting starts.

Step 2: Click "I have a control number" and then enter your control number and password "**dexterra2024**" (case sensitive). Proxyholders who have been duly appointed and registered with TSX Trust Company will receive a control number by email from TSX Trust Company after the proxy voting deadline has passed.

REVOCATION OF PROXIES

A Registered Shareholder who has submitted an Instrument of Proxy may revoke it by an instrument in writing signed by the Shareholder or by an authorized attorney or, if the Shareholder is a corporation, by a duly authorized officer, and deposited at the offices of TSX Trust Company, Proxy Department, P.O. Box 721, Agincourt, Ontario M1S 0A1, at any time up to and including the last Business Day preceding the day of the Meeting or any adjournment or postponement thereof.

Only Registered Shareholders have the right to revoke an Instrument of Proxy at the Meeting. Registered Shareholders who log in to the Meeting using their control number and vote during the Meeting will revoke any and all previously submitted proxies by voting on the online ballot. Beneficial Shareholders who wish to change their vote must, in sufficient time in advance of the Meeting, contact their respective Intermediaries to find out what to do to change their vote.

EXERCISE OF DISCRETION BY PROXYHOLDERS

The persons named in the enclosed Instrument of Proxy will vote (or withhold from voting) the Common Shares of Dexterra in respect of which they are appointed in accordance with the direction of the Shareholders appointing them. In the absence of such direction, such Common Shares will be voted **FOR** the approval of the election of each of the nominees hereinafter set forth as directors of Dexterra, and **FOR** the appointment of PricewaterhouseCoopers LLP as Auditor of Dexterra. The enclosed Instrument of Proxy confers discretionary authority upon the persons named therein with respect to any amendments or variations in the matters outlined in the accompanying Notice of Meeting or any other business which may properly come before the Meeting. The management of Dexterra knows of no such amendments, variations, or other business to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any other matters which are not known to management of Dexterra should properly come before the Meeting, the Instrument of Proxy given pursuant to the solicitation by management of Dexterra will be voted on such matters in accordance with the best judgment of the persons voting the Instrument of Proxy.

Please note that if a Shareholder appoints a proxyholder and submits their voting instructions and subsequently wishes to change their appointment, a Shareholder may resubmit their Instrument of Proxy and/or voting direction, prior to the deadline noted above. MATTERS TO BE ACTED UPON AT THE MEETING

1. Election of Directors

On May 29, 2020, Dexterra (formerly Horizon North Logistics Inc.) acquired all the issued and outstanding shares (the "**Transaction**") of 10647802 Canada Limited, operating as Dexterra Integrated Facilities Management ("**DIFM**"), an indirect wholly-owned subsidiary of Fairfax Financial Holdings Limited (together with its affiliates, "**Fairfax**"), which resulted in Fairfax controlling 49% of Dexterra. In connection with the Transaction, Dexterra and an affiliate of Fairfax entered into an investor rights agreement (the "**Investor Rights Agreement**") related to, among other things, matters related to the election of the board of directors (the "**Board**"). Pursuant to the terms and subject to the conditions set forth in the Investor Rights Agreement, in respect of any director election meeting that Fairfax, in the aggregate, owns, controls or directs, directly or indirectly, at least 40% of the outstanding Common Shares (on a non-diluted basis) it shall be entitled to designate 50% of the persons nominated for election of Dexterra ("**Fairfax Nominees**") rounded up to the nearest whole number and that Dexterra shall recommend Shareholders vote to elect such nominees. Additionally, the Investor Rights Agreement provides that for as long as Fairfax, in the aggregate, owns, controls or directs, directly or indirectly, at least 10% of the outstanding Common Shares (on a non-diluted basis) the Board will at all times consist of eight directors or such other number as Dexterra and Fairfax may agree. Dexterra and Fairfax agreed that the Board would consist of nine (9) directors.

The following persons are proposed to be nominated for election as directors of Dexterra at the Meeting:

Mark Becker	Tabatha Bull
Mary Garden	David Johnston
Simon Landy	Kevin D. Nabholz
Russell Newmark	R. William McFarland
Antonia Rossi	

The proposed directors include five (5) Fairfax Nominees, being R. William McFarland, David Johnston, Simon Landy, Mary Garden and Mark Becker. The Board has concluded that each nominee is well qualified to serve on the Board. The nominees have the relevant expertise essential to ensure appropriate strategic direction and oversight. Each director nominee has confirmed his or her eligibility and willingness to serve as a director if elected. All of the directors who are elected will have their terms of office expire at the next annual meeting of Shareholders, or until successors are elected or such directors resign.

Majority Voting for Directors

The Board has adopted a majority voting policy for uncontested election of directors ("**Majority Voting Policy**"). The Board believes that each director of Dexterra should carry the confidence and support of its Shareholders. If, with respect to any director nominee, the total number of Common Shares withheld exceeds the total number of Common Shares voted in favour of the nominee, then for purposes of the Majority Voting Policy such nominee shall be considered not to have received the support of Shareholders even though duly elected as a matter of corporate law.

Any nominee who is considered under the above test not to have the support of the Shareholders shall, forthwith, submit his or her resignation to the Board to take effect immediately upon acceptance by the Board.

The Board shall decide whether or not to accept the tendered resignation and is expected to accept the resignation absent exceptional circumstances. Further, the Board shall, not later than 90 days after the Shareholders' meeting, issue a news release, a copy of which will also be provided to the Toronto Stock Exchange ("**TSX**"), which either confirms that they have accepted the resignation or provides an explanation for why they have refused to accept such resignation. Advance Notice Provisions

Pursuant to the Amended and Restated By-laws of Dexterra, Dexterra has adopted advance notice requirements for the nomination of directors by Shareholders.

Adoption of an advance notice provision (the "**Advance Notice Provisions**") relating to the nomination of directors (i.e., the requirement that advance notice be provided to the Corporate Secretary of Dexterra if a Shareholder proposes to nominate directors for election at a meeting of Shareholders). The Advance Notice Provisions are included in Dexterra's Amended and Restated Bylaws to prevent stealth proxy contests and facilitate an orderly and efficient director nomination process by ensuring that all Shareholders receive adequate notice of director nominations and sufficient information in respect of all nominees so that the proposed nominees' qualifications and suitability as directors can be evaluated and an informed vote cast for the election of directors. The Advance Notice Provisions fix deadlines for submitting director nominations to Dexterra prior to any annual or special meeting of Shareholders where directors are to be elected, and sets forth the information that a Shareholder must include in their nomination in order for it to be valid. In the case of an annual Shareholders' meeting, the deadlines for notice of a Shareholders' director nominations are not less than 30 days prior to the meeting; provided, however, if the first public notice of an annual Shareholders' meeting is given less than 50 days prior to the meeting date, Shareholders must provide notice of their nominations by close of business on the 10th day following the announcement of the meeting. In the case of a special meeting (which is not also an annual meeting) called for the purpose of electing directors, Shareholders must provide notice of their nominations by close of business on the 15th day following first public announcement of the special Shareholders' meeting. In the event of an adjournment or postponement of an annual meeting or special meeting of shareholders or any announcement thereof, a new time period shall commence for the giving of timely notice.

This year, notices of nomination from Shareholders will be deemed timely if received on or prior to April 8, 2024.

The following table sets forth for each proposed director: their name, age, municipality, province and country of residence; their committee memberships; all positions and offices with Dexterra now held by them, the month and year in which they were first elected or appointed as a director; other public company board memberships; their principal occupation for at least the last 5 years along with a brief biography; and the number and percentage of Common Shares that they have advised are beneficially owned, controlled or directed by them, directly or indirectly, as of March 12, 2024:

Notes:

- (1) "Independent" refers to the standards of independence set forth within section 1.4 of National Instrument 52-110 - *Audit Committees*.
- (2) Attendance in person or by telephone/Microsoft Team's.
- (3) Mr. McFarland earned a \$150,000 annual retainer as Board Chair and each other non-management board member earned a \$75,000 annual retainer. The Chair of the Audit Committee, Ms. Garden, received an additional retainer of \$18,000, and the Chairs of the Enterprise Risk Management Committee and Corporate Governance and Compensation Committee, Messrs. Johnston and Nabholz, each received an additional retainer of \$12,000. Mr. Nabholz also received \$4,000 in travel allowance payments for attending Board/Committee meetings in person.
- (4) Percentage of Common Shares beneficially owned is calculated based on an aggregate of 64,165,529 Common Shares outstanding as of March 12, 2024.
- (5) Total market value of Common Shares was determined by multiplying the number of Common Shares held by each director nominee as of March 12, 2024 by \$5.54, which was the closing price of the Common Shares on the TSX on that date.
- (6) Based the difference between the March 12, 2024 closing price on the TSX of the Common Shares of \$5.54 per share and the grant price of the option to purchase the Common Shares.
- (7) Value of the RSUs was determined by multiplying the number of cash settled RSUs held by each director nominee as of March 12, 2024 by \$5.54, which was the closing price of the Common Shares on the TSX on that date.
- (8) Annual Meeting of Shareholders of Dexterra held on May 10, 2023.
- (9) Mr. Becker is the Chief Executive Officer of Dexterra, effective May 1, 2023 and a member of management, therefore is not an independent director.

(10) As more fully described under the heading "Long Term Incentive Plan – Options and Restricted and Performance Share Units", the PSUs are subject to performance vesting conditions tied to a total shareholder return (including dividends) of the Common Shares over the 3 year period after the grant. In order for any PSUs to vest by reaching the minimum 50% vesting threshold amount, the 2023 and 2022 PSU grants would need to reach a 30% total shareholder return threshold, representing a share price of \$5.89 and \$9.86, respectively, and, in the case of the 2021 PSU grants, a 40% total shareholder return threshold, representing a share price of \$7.59. Mr. Becker's PSUs were granted in connection with his executive officer role. No PSUs are currently granted to any non-management directors.

The Board has determined that each nominee for election to the Board of Dexterra is independent pursuant to the standards of independence set forth within section 1.4 of National Instrument 52-110 - *Audit Committees* ("NI 52-110") with the exception of Mark Becker who is the Chief Executive Officer ("CEO") of Dexterra, as of May 1, 2023.

It is the intention of the persons named in the Instrument of Proxy, if not expressly directed otherwise in such Instrument of Proxy, to vote such proxies FOR the election of the nominees described above as directors of Dexterra. It is not contemplated that nominees will be unable to serve as directors, but, if that should occur for any reason prior to the Meeting, the persons named in the enclosed form of Instrument of Proxy reserve the right to vote for other nominees at their discretion.

As at March 12, 2024, the directors and officers of Dexterra, as a group, beneficially owned, directly or indirectly, or exercised control or direction over 1,127,350 Common Shares, or approximately 1.8% of the issued and outstanding Common Shares, based on 64,165,529 issued and outstanding Common Shares. In addition, as at March 12, 2024, the directors and officers of Dexterra, as a group, have outstanding share options ("Options") to purchase 1,912,430 Common Shares.

Notes:

- (1) Includes retainers, which are inclusive of meeting fees, and travel allowance, if requested.
- (2) The amounts shown above have not been paid to directors. The above reflects the grant of RSUs which vest over time in equal 1/3 tranches. Value of the RSUs was determined by multiplying the number of cash settled RSUs granted in 2023 by \$5.35, which was the closing price of the Common Shares on the TSX on the grant date of January 5, 2023. The ultimate value of each RSU that will be paid to the director will be determined by the closing price of the Common Shares on the applicable vesting date.
- (3) The value to the recipient of any Option grant is Nil on the grant date as the exercise price of the Option is equal to or greater than the market value of the underlying Common Share. The value, if any, ultimately received by an Option holder as compensation is equal to the difference between the fair value of the underlying Common Share on the date the Option is exercised and the exercise price of the Option. This amount is also equal to the value forgone by Dexterra when it issues a Common Share on exercise of an Option at a price that is less than the prevailing market price. The fair value of the Options granted annually is obtained by multiplying the number of Options granted by their value established according to the Black Scholes model. In 2023 this value was determined using the following assumptions: dividend yield of 5%; expected average volatilities of 30.82% to 55.49%; average risk-free rates of interest of 3.51% to 3.97%; average forfeiture rate of 9.17%; and average expected life of option of three years. The fair value of option grants has been determined using the same methodology and values used in determining the option value for our financial statements as we believe it represents the best estimate of fair value of the options at the time of the grant.

Minimum Share Ownership for Non-Management Directors

The Board believes that the economic interests of non-management directors of Dexterra should be aligned with those of Shareholders. On June 1, 2020, the Board approved minimum share ownership guidelines for the non-management directors be set so that each non-management director be required to own shares in Dexterra equivalent to three times the base annual retainer paid to such director within a three-year period from the date that such director was elected or appointed. All directors have met the shareholding requirement, other than Mrs. Bull and Rossi, who have until January 1, 2026 to meet the requirement.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Governance

The Corporate Governance and Compensation Committee (the “**Committee**”) is responsible for making recommendations to the Board relating to the compensation of members of the Board, the CEO and the Chief Financial Officer (“**CFO**”) and other executive officers. The Committee regularly reviews the compensation practices of comparable companies with a view to aligning Dexterra’s officers and directors with a comparable group median. Directors who are officers of Dexterra receive no additional remuneration for their services as directors.

In particular, the Committee: (i) will review and approve, at least annually, Dexterra’s goals and objectives relevant to the compensation of the CEO and the CEO’s compensation based on that review; (ii) will review, at least annually, and recommend to the Board compensation, incentive plans and equity based plans for non-CEO officers and directors, and for other key employees as identified by the CEO, and in particular, review the annual bonus payments recommended by the CEO for the executive officers; and (iii) will review executive compensation disclosure before Dexterra publicly discloses such information.

The objective of Dexterra’s executive compensation program is to attract and retain experienced personnel who are incentivized to continually focus on generating profitable growth of Dexterra’s business. The compensation program is comprised of three elements: (i) annual salary plus benefits; (ii) annual performance bonus; and (iii) long-term incentives in the form of equity-based compensation.

In order to attract and retain high level executive talent, the Committee targeted total executive compensation levels in the median range to above-mid range of industrial companies, whose operational, corporate finance and other activities are considered comparable to those of Dexterra. This is not a rigid requirement and discretion exists to consider trends or challenges in the industry and the economy. The Committee has established this range because the support services sector is complex and exceptionally competitive and also because Dexterra must have reliable, motivated and superior talent in order to deal with these challenges and to accomplish its strategic objectives.

Periodically, the Committee compares executive compensation levels with other Canadian small cap public companies in the support services industry. This testing of compensation levels is done with respect to base salary, annual bonus and long-term incentive plans. This process was undertaken in 2020 (previously updated in 2022) and was once again recently undertaken in 2023 with the assistance of outside advisor – Mercer (Canada) Ltd (“**Mercer**”) for 2024 fiscal year compensation. The 2020 Mercer report process involved the selection of a peer group of small cap public companies in related industries based on annual sales, assets and market capitalization as of June 30, 2020 (“**Peer Group**”). The Peer Group consists primarily of Canadian public companies and does also include US public companies. The majority of the Peer Group companies were within 0.5 to 2 times Dexterra’s level of annual sales, assets and market capitalization.

The appropriateness and competitiveness of the Corporation’s executive compensation program for 2023 is monitored by comparison to a peer group of companies that include the following companies:

Bird Construction Inc.
GDI Integrated Facility Services Inc.
Extendicare Inc.
Civeo Corporation

Sienna Senior Living Inc.
North American Construction Group Ltd.
Badger Daylighting Ltd.
Medical Facilities Corporation
DIRTT Environmental Solutions Ltd.

This provided guidance to the Committee on executive compensation and allowed the Committee to evaluate market compensation information and ensure that the Committee's approach is appropriate and is generally consistent with compensation trends in the marketplace. In 2022, Mercer was paid \$5,175 for some update work to the original Mercer report done in 2020. In 2023, given 3 years have transpired from the 2020 Mercer report and the inflationary labour environment, Mercer was paid \$69,625 to conduct a more thorough compensation review as noted above, including peer group analysis for the 2024 compensation year. In addition, several members of the Committee are either directors or officers of other industrial companies and are therefore intimately familiar with compensation levels in Canada and globally.

Dexterra's executive compensation program is designed to provide financial rewards to executive officers based on measurable, financial and operational parameters associated with overall corporate performance. The program also balances annual rewards for achieving financial success year over year with rewards tied to long-term share price performance. As part of its review and discussion of the compensation program, the Committee considers the risks associated with Dexterra's compensation program and noted the following elements of Dexterra's business model and its governance and control system that mitigate the risk that Dexterra's executives will take unnecessary or excessive risk for the sake of enhanced rewards:

- The nature of Dexterra's business is such that there are very few asset or liability valuation judgments that management must make. The annual bonus program is based primarily on financial parameters that are adjusted EBITDA (as defined herein) and free cash flow dependent as opposed to being driven by asset or liability valuation judgments. A smaller component of the program relates to revenue, health and safety, key employee retention and closed mergers and acquisition transactions.
- Dexterra's ultimate long-term goal is to generate sustainable shareholder returns. The compensation program recognizes that developing sustainable shareholder returns takes time and thus provides rewards for long-term success to mitigate the risk that short-term, less sustainable actions are taken to enhance immediate share price performance.
- The annual bonus program does not pay out rewards until financial results are completed and reported and approved by the Committee.
- Named Executive Officers (as outlined in the table below titled "*Summary Compensation*") ("**NEOs**"), other executive officers and directors are not permitted to purchase financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer, other executive officer or director.

Named Executive Officers

For the financial year ended December 31, 2023, there were seven (7) NEOs of Dexterra consisting of Mark Becker, CEO; John MacCuish (former CEO who retired on April 30th from the role), Drew Knight, CFO (departed Dexterra as of September 8, 2023); Karima Amlani, Interim CFO, Robert Johnston, President Modular Solutions, Sanjay Gomes, President, Integrated Facilities Management and Jeff Litchfield, President, Workforce Accommodations Forestry and Energy Services M.

For fiscal 2023, the Committee quantified and reviewed all elements of the compensation of Dexterra's NEOs set out in the Summary Compensation Table below. The Committee also quantified and reviewed the projected payouts to the NEOs and payouts resulting from their termination and under the Amended and Restated Option Plan (the "**Option Plan**") dated March 21, 2023 and other payouts. The Committee reviewed this information at a meeting held in late 2023 and later reviewed the final information in early 2024 when the financial results for the fiscal year were known to ensure that it had a complete understanding of each element of the compensation arrangements in effect for the NEO's, including an understanding of the "total" current executive compensation including future commitments.

The Committee believes that the total compensation packages of Dexterra's executive officers are appropriate in light of Dexterra's overall performance during 2023, given profitability and cashflow performance and other metrics as

described above. The Committee also considered Dexterra's shareholder returns as a factor in its compensation determinations. It undertook a review of the five-year cumulative total shareholder return chart (set out below) and gave due weight to the fact that, Dexterra plans to have superior shareholder returns in future years. An additional factor reviewed by the Committee was compensation data from the above referenced Mercer reports.

Annual Salaries

Executive salaries are established after considering individual responsibilities and experience, size and complexity of operations or functions for which they are responsible, and competitive market information. This element provides a fixed level of cash compensation for performing these responsibilities. Salary adjustments consider the individual's success in their role and competitive market information.

Annual Cash Performance Bonus

The annual bonus for all NEOs is designed to pay out awards based on Dexterra's performance for the year. Financial performance is measured by targets for revenue, earnings before interest, taxes, depreciation and amortization ("EBITDA"), free cash flow, safety, corporate culture measured by key management turnover ratios, and mergers and acquisition activity.

Revenue growth is measured on a year over year basis, while EBITDA margins, free cash flow, safety performance metrics, management turnover and mergers and acquisitions are compared to specific target ranges. The Board takes these factors into consideration and applies subjectivity in determining the individual performance component for the CEO.

In 2023, all NEOs earned a cash bonus in accordance with the programme.

Dexterra's long-term goal is to provide returns to Shareholders through share price appreciation and quarterly dividend payments. In the Board's view, continued focus on achieving strong annual financial and operational performance should lead to success in consistently achieving the long-term goal.

Long Term Incentive Plan – Options and Restricted and Performance Share Units

Dexterra continues to employ a "pay-for-performance philosophy" whereby fixed elements of pay are positioned at market median levels and short and longer-term incentives are structured to provide above-market total compensation for high levels of performance. Starting in 2021, Dexterra has taken a portfolio approach to long-term incentives for management by combining cash-based performance share units ("PSUs") in with Options to purchase Common Shares. In 2023, cash-based RSUs were added to the long-term incentives for management. As a result, Dexterra currently utilizes a combination of PSUs, RSUs and Options to attain a market-competitive total direct compensation program for specified members of executive management.

On January 5, 2023, in addition to Option grants for both management and the Board, the Board granted (a) PSUs and RSUs to members of management and (b) RSUs to non-management members of the Board upon the recommendation of the Committee and based on work performed by Mercer. As of March 12, 2024, there are 3,227,524 Options outstanding, 313,518 RSUs outstanding and 1,022,897 PSUs outstanding, such amounts including grants made subsequent to year-end for the 2023 financial year.

Option Plan

The Option Plan permits the granting of Options to the directors, officers, employees and other eligible service providers of Dexterra and its subsidiaries for the purpose of providing an incentive to achieve the longer-term objectives of Dexterra; to give suitable recognition to the ability and impact of such persons who contribute materially to the success of Dexterra; and to attract and retain in the employ of Dexterra or any of its subsidiaries, persons of experience and ability by providing them with the opportunity to acquire an increased proprietary interest in Dexterra.

The Board views Options as an effective incentive to balance senior management's focus between short-term operating performance and profitable, long-term growth, which should translate into share price appreciation for the benefit of Shareholders over time. With Option grants vesting over time, they also serve as an effective employee retention tool. Despite the dilutive aspect of Options, they do directly align the interests of management and Shareholders as the benefits derived from Options parallel the benefits realized by Shareholders through share price appreciation. Options provide the potential for long-term rewards and above-average total compensation, provided Dexterra's financial and operating results lead to the enhancement of shareholder value.

Awards of Options are made from time to time to participants at varying levels consistent with the individual's position and responsibility. The process that Dexterra uses to grant Options to executive officers, including the NEOs, and the factors that are taken into account when considering new grants under the Option Plan, is based upon a number of criteria, including the performance of the executive officers, the number of Options available for grant under the Option Plan, the number of Options anticipated to be required to meet the future needs of Dexterra, as well as the number of Options previously granted to each of the NEOs. It is the full Board, as opposed to the Committee, which determines the need for any amendments to the Option Plan and it is the full Board which determines the number of Option grants to be made under the Option Plan. The CEO will provide input and recommendations to the Board regarding the granting of Options, from time to time. The term and other provisions of the Options are subject to the terms of the Option Plan.

Since the inception of the Option Plan there has been no financial assistance provided by Dexterra to any participant under the Option Plan to facilitate the purchase of Common Shares under the Option Plan.

As of March 12, 2024 (i) Dexterra has issued under the Option Plan, Options pursuant to which 3,227,524 Common Shares are issuable which represents 5.03% of the currently outstanding Common Shares; and (ii) there remains for issuance under the Option Plan, Options pursuant to which 3,189,029 Common Shares, which represents 4.97% of the issued and outstanding Common Shares, may be issued which represent, together with the outstanding Options, 10.0% of the currently outstanding Common Shares.

The Option Plan provides that the aggregate number of Common Shares issuable pursuant to Options granted under the Option Plan and under any other security based compensation arrangement, if any, and issued to insiders within any one year period and, issuable to insiders, shall in either case, not exceed 10% of the issued and outstanding Common Shares at the time of the grant of any share option. In addition, the Option Plan provides that the maximum number of Common Shares issuable pursuant to Options granted shall not exceed 10% of the aggregate number of issued and outstanding Common Shares. No Options shall be granted to any director of Dexterra who is not also an officer of Dexterra if such grant could result, at any time, in the total number of Common Shares issuable to all directors of Dexterra who are not also officers of Dexterra pursuant to Options exceeding 1.00% of the issued and outstanding Common Shares of Dexterra. In addition, the Option Plan contains (i) a limit on the number of Common Shares issuable pursuant to Options to any non-employee director, within any calendar year of \$100,000; and (ii) a limit on the number of Common Shares reserved for issuance under all security based compensation arrangements of Dexterra issued to any non-employee director, within any calendar year, of \$150,000; in each case calculated on the date of grant. There are additional limits imposed on the transferability of Options granted under the Option Plan such that Options will not be transferable or assignable and may not be made subject to execution, attachment or similar process, other than for normal estate settlement purposes or by operation of law and such that during the lifetime of an optionee, an Option will be exercisable only by the optionee and any elections with respect to an Option may be made only by the optionee.

The Option Plan provides for the exercise price to be determined by the Board provided that the exercise price of the Options may not be less than the closing price of the Common Shares on the TSX on the last business day preceding the date of grant. Options granted under the Option Plan will be for a term of no longer than ten years after granting of an Option. The currently outstanding Options have been granted so as to vest in equal one-third amounts over the first three years of the five-year term thereof. Participation in the Option Plan is voluntary. In order to constitute a valid Option under the Option Plan, the participant and Dexterra must enter into a valid Option agreement in a form acceptable to the Board. With respect to the termination of options, unless specifically amended or otherwise dealt with in a share option agreement: (a) in the case of death of an optionee, the right to exercise an Option shall extend to the earlier of (i) one year after the date of death or (ii) the expiry date of the Option set forth in the share option agreement, to the extent such Option was exercisable by the optionee on the date of death of the optionee; and (b) in the case of termination or cessation of employment of an optionee (who is not a consultant) for any reason (other than death) or, in the case of a consultant, upon cessation of the services agreement the right to exercise an Option shall be limited to and shall expire on the earlier of 60 days after the date of termination or cessation (in the case of an optionee who is not a consultant) and from the final service date (in the case of an optionee who is a consultant), or the expiry date of the Option set forth in the share option agreement, to the extent such Option was exercisable by optionee on the date of termination of such employment or final service date, as the case may be.

In the event of any change in the Common Shares through subdivision, consolidation, reclassification, amalgamation, and merger or otherwise or in the event of any other change in the Common Shares, the Board may proportionately adjust the number of Common Shares that may be issued under existing Option agreements.

The Option Plan also provides for the extension of the expiry date of any Option which would otherwise expire during a "black-out period" until the fifth business day following the expiry of the blackout period, provided that such extended expiration date shall not in any event be beyond the later of (i) December 31 of the calendar year in which the option was otherwise due to expire; and (ii) the 15th day of the third month following the month in which the Option was otherwise due to expire. The Option Plan also provides that the Board may, in its sole discretion and without further

approval of the Shareholders, amend, suspend, terminate or discontinue the Option Plan and may amend the terms and conditions of Options granted under the Option Plan, subject to any required approval of any regulatory authority or the TSX. Subject to any required regulatory approval of any regulatory authority or stock exchange, the Board may at any time alter, amend or vary the Option Plan without the approval of the Shareholders if the alteration, amendment or variance does not: (a) increase the number of shares that can be issued under the Option Plan; (b) reduce the exercise price of an outstanding option except for the normal anti-dilution provisions whereby option values are maintained in connection with a subdivision, consolidation, conversion, reclassification, re-division or re-designation of Common Shares or a reorganization, amalgamation, consolidation, merger, takeover bid or similar transaction involving Dexterra; (c) extend the expiry date of an outstanding Option or amend the Option Plan to permit the grant of an Option with an expiry date of more than 10 years from the grant date (except where an expiry date would have fallen within a blackout period of Dexterra); (d) allow for the transfer of Options, except if the transfer is to an entity controlled by the Option holder, a charity or for estate planning or estate settlement purposes; (e) expand the categories of individuals eligible to participate in the Option Plan; or (f) amend the Option Plan to provide for other types of compensation through equity issuance.

In addition, the Option Plan contains a “clawback” provision which permits the Board to seek reimbursement of Options awarded to an officer of Dexterra pursuant to the Option Plan and any Common Shares issued upon exercise thereon, where: (i) the payment of such compensation was predicated on achieving certain financial results that were subsequently the subject of a substantial restatement of Dexterra’s financial statements filed with any securities regulatory authority; and (ii) the Board, in its discretion, determines that the officer engaged in gross negligence, intentional misconduct or fraud that caused or partially caused the need for the restatement.

The Option Plan requires approval from Shareholders for amendments to the Option Plan which result in: (i) any increase in the number of Common Shares issuable under the Option Plan or the number of unissued Common Shares that may be subject to Options granted to optionees under the Option Plan; (ii) any amendments which reduce the exercise price of an Option or any cancellation and reissuance of an Option; (iii) any amendment that extends the term of an Option beyond its original Option Period; (iv) any amendments to eligible participants that may permit the introduction or reintroduction of non-employee directors on a discretionary basis or amendments that increase limits previously imposed on non-employee director participation; (v) any amendment which would permit Options granted under the Option Plan to be transferable or assignable other than for normal estate settlement purposes; (vi) any amendments to the amendment and termination provisions of the Option Plan; and (vii) amendments required to be approved by Shareholders under applicable law (including, without limitation, the rules, regulations and policies required by any relevant stock exchange).

The Option Plan burn rate is expressed as a percentage and is calculated in accordance with Section 613(p) of the TSX Company Manual, by dividing: (i) the number of securities granted under the Option Plan during the applicable fiscal year; by (ii) the weighted average number of securities outstanding for the applicable fiscal year. The Option Plan is not subject to a multiplier that may increase the number of shares to be issued on settlement based on performance or any other measure.

Restricted Share Units and Performance Share Units

The Board approved a cash-based RSU plan on May 5, 2016 which governs the issuance of non-assignable and non-transferrable RSUs of Dexterra. On December 1, 2020, the Board approved an Amended and Restated RSU and PSU Incentive Awards Plan (the “**Plan**”) to allow for, among other things, the grant of PSUs. The directors, officers and employees of Dexterra and its subsidiaries are eligible to participate in the Plan. The purpose of the Plan is to provide long term incentives to directors, officers and employees involved in the oversight and operations of Dexterra. The Plan is designed to foster and promote the long-term financial success of Dexterra and increase shareholder value by strengthening Dexterra’s capability to: attract and retain high quality individuals as directors, officers and employees; motivate performance through incentive compensation; recognize the contributions made by certain individuals to Dexterra’s growth and financial success; promote greater alignment of interests between Participants and shareholders in creating long-term shareholder value; and enable directors, officers and employees to participate in the long-term growth and financial success of Dexterra.

RSUs are notional shares that have the same value at any given time as the Common Shares, but do not entitle the participant to any shareholder rights, including without limitation, voting rights, dividend entitlement or rights on liquidation and are non-dilutive to Shareholders. The RSUs vest no later than the date that is the third anniversary of the end of the calendar year in which the services were performed in which the grant of RSUs relates. Vesting provisions

for RSUs shall be fixed by the Board and the Board may at any time shorten the vesting period of all or part of any RSU award. The currently outstanding RSUs vest in equal tranches of 33.33% over 3 years. In the event of a change of control, the Board may amend the terms of the issued RSUs to permit vesting prior to the completion of the change of control.

Each RSU has a payout value equal to the closing price of the Common Shares as of the date immediately preceding the applicable payout date, less any applicable withholding taxes. The payout date for issued RSUs is as soon as reasonably practicable after the vesting date.

The RSU plan is not subject to a multiplier that may increase the number of shares to be valued on settlement based on performance or any other measure.

PSUs are notional shares granted contingent upon achievement of the defined performance vesting criteria of total shareholder return measured over a three-year period from the grant date of the PSU (the “**Performance Period**”). PSUs do not entitle the participant to any shareholder rights, including without limitation, voting rights, dividend entitlement or rights on liquidation and are non-dilutive to Shareholders.

Performance Vesting Criteria for PSUs shall be fixed by the Board and the Board retains the discretion to make adjustments to the components of the Performance Vesting Criteria as necessary to reflect the intent thereof in the event of a change in Dexterra’s share structure over the Performance Period. Performance Criteria set by the Board at the time of the grant of PSUs, may include: i) total shareholder return (“**TSR**”), including dividends; ii) the participant’s satisfactory individual performance; and iii) any other terms and conditions the Board may in its discretion determine with respect to vesting.

The aggregate number of PSUs which vest may be equal to or less than 100% of the target number of PSUs granted for the Performance Period based on the level of performance achieved as set out in the chart below for PSUs granted in 2023:

Total Shareholder Return for the Performance Period of January 5, 2023 to January 5, 2026	Percentage of PSUs that vest
Less than 30%	0% vest
30%	50% vest
50%	75% vest
70% or greater	100% vest

As soon as practicable after the end of the applicable Performance Period the Board shall determine the TSR of Dexterra over the three-year Performance Period. The Board may use Dexterra’s CFO who may also obtain information including from Bloomberg to calculate TSR.

TSR for the Performance Period will be calculated using the following formula:

$$\text{TSR} = \{(\text{vesting price} - \text{grant price}) + \text{dividends}\} \div \text{grant price}$$

Where:

“**vesting price**” is calculated as the volume weighted average trading price of the Common Shares of Dexterra on the applicable stock exchange for the last 20 trading days of the Performance Period.

“**grant price**” is calculated as the volume weighted average trading price of the Common Shares on the applicable stock exchange for the last 20 trading days prior to the beginning of the Performance Period.

“**dividends**” includes all dividends or distributions paid during the Performance Period on such Common Shares.

For greater clarity, the following is an example calculation of TSR over the Performance Period where the grant price was \$5.35, the vesting price was \$8.00, and there were \$1.05 in cumulative dividends paid over the Performance Period.

Example:

$$\frac{\{(\$8.00 - \$5.35) + \$1.05\}}{\$5.35} = 69.2\%$$

The payout date for issued PSUs is as soon as reasonably practicable after the vesting date, less any applicable withholding taxes.

The maximum value of PSUs and RSUs granted to any one non-employee director within any one-year period, when aggregated with the securities granted under all security based compensation arrangements of Dexterra to the non-employee director during such period, shall not exceed \$150,000, as calculated based on a fair value basis of the PSUs and RSUs on the date of grant.

On January 5, 2023, certain senior employees were granted Options, RSUs and PSUs and non-management directors were granted Options and RSUs.

Share Price Performance Graph in Relation to Executive Compensation

Dexterra compensates its NEOs through annual salary, annual performance bonus and equity-based compensation. As outlined in the "Compensation Discussion and Analysis", executive salaries are established after considering individual responsibilities and experience, providing a fixed level of compensation for performing these responsibilities. Compensation derived from the annual performance bonus and equity-based compensation for NEOs are generally consistent with the trend illustrated in the above Performance Graph.

Within total compensation, in 2023, the Committee sought to balance the various components with a view to recognizing the inflationary and supply chain pressures affecting the business, while driving to achieve short term and long-term objectives. Besides base salary, and personal benefits all other compensation is at-risk, which means that all the cash bonus, PSUs and options are at-risk and tied to Dexterra's performance for all NEOs. Further, while the RSUs granted to employees will retain some value as they are only time-vested, the value of the RSUs will fluctuate with Dexterra's share price.

COMPENSATION OF NAMED EXECUTIVE OFFICERS

Compensation was paid to the NEOs during the most recently completed fiscal year as disclosed below.

Summary Compensation Table

The following table sets forth the annual and long-term compensation provided for the individuals serving as Dexterra's CEO and CFO during the year, and the next three most highly compensated executive officers (each a NEO) for the 2023 fiscal year. Notes:

- The amounts shown above have not been paid to the NEOs. Any share based award payments would be made over time to the NEO in equal 1/3 tranches, in the case of RSUs, or a 3-year cliff vest, in the case of the PSUs should certain performance conditions be met. The value of the RSUs granted in 2023 and shown in the table above was determined by multiplying the number of cash settled RSUs by \$5.35 (or, in the case of the RSUs issued to Mr. Becker in connection with his promotion to CEO, \$5.20), which was the closing price of the Common Shares on the TSX on the grant date. The ultimate value of each RSU that will be paid to the NEO will be determined by the closing price of the Common Shares on the applicable vesting date. The value of the PSUs included in the table above was determined by assuming the PSUs will reach the minimum vesting threshold of 50% by meeting the conditions as more fully described under the heading "Long Term Incentive Plan – Options and Restricted and Performance Share Units", which requires a total shareholder return (including dividends) of 30% above their grant price for the 2023 and 2022 PSUs, representing share prices of \$5.89 and \$9.86, respectively, and 40% above their grant price for the 2021 PSUs, representing a share price of \$7.59. None of the PSUs vest until three years after their grant date, and any vesting is subject to performance conditions noted herein. While the table above shows a value for 2021, the 2021 PSU grants didn't meet the minimum vesting thresholds on the 3-year performance measurement date in early 2024 and were cancelled with no payment made to the NEOs. For the 2023 and 2022 PSUs to vest 100%, a total shareholder return (including dividends) of 70% above their grant price must be obtained, representing share prices of \$8.03 and \$13.21, respectively. However, if the total shareholder return of the Common Shares is less than 70%, the amount of the 2023 and 2022 PSUs that vest is reduced on a sliding scale to 50% vesting and if the total shareholder return is less than 30% for the 2023 and 2022 PSUs, no PSUs would vest. The ultimate value of each PSU that vests by meeting the performance conditions above will be determined by the closing price of the Common Shares on the applicable vesting date.
- The value to the recipient of any Option grant is Nil on the grant date as the exercise price of the Option is equal or greater than the market value of the underlying Common Share. The value, if any, ultimately received by an Option holder as compensation is equal to the difference between the fair value of the underlying Common Share on the date the Option is exercised and the exercise price of the Option. This amount is also equal to the value forgone by Dexterra when it issues a Common Share on exercise of an Option at a price that is less than the prevailing market price. The fair value of the Options granted annually is obtained by multiplying the number of Options granted by their value established according to the Black Scholes model. In 2023 this value was determined using the following assumptions: dividend yield of 5%; expected average volatilities of 30.82% to 55.49%; average risk-free rates of interest of 3.51% to 3.97%; average forfeiture rate of 9.17%; and average expected life of option of three years. In 2022, this value was determined using the following assumptions: dividend yield of 5%; expected average volatilities of 56.21% to 64.44%; average risk-free rates of interest of 1.01% to 1.24%, average forfeiture rate of 9.25% and average expected life of options of three years. In 2021, this value was determined using the following assumptions: dividend yield of 4.615%; expected average volatilities of 57.32% to 68.92%; average risk-free rates of interest of 0.19% to 0.31%. The fair value of option grants have been determined using the same methodology and values used in determining the option value for our financial statements as we believe it represents the best estimate of fair value of the options at the time of the grant.
- See "Annual Performance Bonus".
- Refers to all non-equity incentive plan compensation related to a period longer than one year. No non-equity long-term incentives were earned by NEOs during the 2021, 2022 and 2023 financial years.
- Unless otherwise noted hereunder, the value of perquisites and benefits for each NEO is less than \$50,000 and less than 10% of each NEO's total salary for the financial years ended December 31, 2021, 2022 and 2023.

- (6) Effective May 1, 2023 Mr. MacCuish transitioned into retirement and Mark Becker was appointed CEO. Mr. MacCuish's base salary reflects the pro-rata portion of his \$600,000 annual salary as he continued to work for Dexterra until the end of May, 2023. For 2023, a \$910,000 retirement package and \$65,770 vacation pay-out is included in "All Other Compensation" in the table above. In 2024, Mr. MacCuish will receive final retirement payments of \$350,000. Dexterra will also continue to pay his health and dental benefits until October of 2026 (a value of approximately \$11,000 per year.)
- (7) Mr. Knight entered into a termination agreement with his last working day of September 8, 2023. "All Other Compensation" for 2023 in the table above includes a \$486,254 severance payment and a vacation payout of \$13,750. All of Mr. Knight's options and share based awards were terminated on September 8, 2023.
- (8) Mr. Becker joined Dexterra as President Industrial Services on August 22, 2018, Mr. Becker was appointed COO and President Workforce Accommodations Forestry and Energy Services ("WAFES") of Dexterra on August 18, 2020. During 2022, Mr. Becker relinquished the role of President of WAFES to Jeff Litchfield on May 26, 2022 and assumed the role of President Modular Solutions on a temporary basis from May 26, 2022 to September 26, 2022 until the appointment of Robert Johnston for that role. Mr. Becker was appointed to CEO on May 1, 2023, and his salary was increased to \$600,000. Mr. Becker also received an additional grant of stock options, PSUs and RSUs in 2023 to reflect his pro-rated increase in salary for the year 2023. "All Other Compensation" for 2023 in the table above includes \$166,402 for reimbursement costs related to Mr. Becker's relocation from Calgary to Toronto.
- (9) Ms. Amlani assumed the position of interim CFO on September 8th, 2023. She received a \$10,000 per month salary increase during this interim period as well as a \$20,000 bonus above her existing entitlements.
- (10) Mr. Gomes assumed the position of President, IFM with a base salary of \$320,000. "All Other Compensation" for 2023 in the table above for Mr. Gomes included cost of living payments in the amount of \$84,000.
- (11) Mr. Litchfield assumed the position of President, WAFES on May 26, 2022 and with a base salary of \$300,000 for the balance of 2022. Mr. Johnston assumed the position of President, Modular Solutions on September 26, 2022 with a base salary of \$320,000.

- (1) Options to purchase Common Shares.
- (2) Based on the market price defined in the Option Plan which is the closing share price on the TSX of the Common Shares on the trading day prior to the date of grant.
- (3) Based on the December 29, 2023 closing share price on the TSX of \$5.76 per Common Share.
- (4) Cash settled PSUs and RSUs. As noted above, the RSUs vest in equal 1/3 tranches and each RSU shall pay-out an amount equal to the market of the Common Shares on the day of vesting. As noted in the "Summary Compensation Table" above, the PSUs are subject to performance vesting conditions tied to a total shareholder return (including dividends) of the Common Shares over the 3 year period after the grant. In order to reach the minimum 50% vesting threshold amount, the 2023 and 2022 PSU grants would need to reach a 30% total shareholder return threshold, representing a share price of \$5.89 and \$9.86, respectively, and, in the case of the 2021 PSU grants, a 40% total shareholder return threshold, representing a share price of \$7.59.
- (5) Under the terms of his retirement arrangements, Mr. MacCuish was permitted to retain his outstanding option and share based grants. Mr. Knight's option and share based grants terminated on his departure from Dexterra in September 2023.

Selection of Directors and Diversity

Candidates for the Board must exhibit the highest degree of integrity, professionalism, values and independent judgement. With this goal in mind, the Board annually evaluates potential nominees to the Board by reviewing the qualifications of prospective members and determines their relevance taking into consideration current Board composition and the anticipated skills required to round out the capabilities of the Board, including a broad range of experience, knowledge and diversity of membership.

The Corporate Governance and Compensation Committee utilizes a Board Composition Matrix to identify those areas which are necessary for the Board to carry out its mandate effectively, allowing the Corporate Governance and Compensation Committee to identify criteria that a new candidate for the Board should possess. The Board succession planning process involves maintaining a skills matrix, which helps the Corporate Governance and Compensation Committee and the Board identify any gaps in the skills and competencies considered most relevant for Dexterra. Each director is asked to indicate the skills and competencies that each director, including themselves, has demonstrated. The following table lists the top four competencies of the directors, together with their gender, tenure and age.

The qualities which Dexterra seeks in its directors as well as in its executive officer positions restricts the availability of suitable individuals, as does its experience that a director or executive officer should be an individual with whom Dexterra has had sufficient experience to ensure there is mutual compatibility. Given these limiting paramount considerations and Fairfax's current board nomination rights under the Investment Rights Agreement that allows it to nominate up to 50% of the Board, the achievement of diversity of race, ethnicity, gender, national origin, sexual orientation, abilities or similar categorizations is not an overriding factor in Dexterra's choice of directors or executive officers, and Dexterra does not have any formal policy on gender or other diversity on its Board or among its executive officers or on the identification and nomination of female directors, do not have fixed percentages or targets for any selection criteria.

However, Dexterra is committed to the fundamental principles of equal employment opportunities which are prescribed in its employment policies which further provide for Dexterra's commitment to treating people fairly, with respect and dignity, and to offering equal employment opportunities based upon an individual's qualifications and performance. Dexterra's employees represent diversity of culture, ethnicity and age demographic.

Diversity is one of the core values that drives Dexterra's business. Through diversity and inclusion, Dexterra is creating a work culture that inspires employees to embrace initiative and drive innovation. Dexterra is certified and will remain committed to Employment Equity under the Federal Contractors Program. Dexterra has set goals for employment equity for the four designated groups in its workforce by August 2024, (i) maintain or improve the percentage of women employed at Dexterra at 48% where the target was 44%, (ii) increasing the percentage of Indigenous Peoples employed at Dexterra to 9% (7% currently), (iii) increasing the representation of racialized persons employed at Dexterra at 32%

or above (19% currently) and (iv) increase the percentage of persons with disabilities employed at Dexterra to 7% (5% currently).

In addition to the value of Diversity, Dexterra's new values include Accountability, Trust and Partnership. These were introduced following feedback from employees. Dexterra's directors and leaders have been equipped to demonstrate and support behaviours aligned with its core values.

Dexterra recognizes that the quality of its people is critical to its success. The quality of Dexterra's people, their engagement and focus are significant factors in Dexterra's performance. Dexterra invests in resources and programming to attract, retain, and develop high-quality talent across the company and at all levels. Dexterra works to cultivate a culture of positive engagement and performance. Dexterra is powered by passionate people.

As at the date hereof, three (3) of the nine (9) members of the Board of Dexterra are women (33.33%) and three (3) of the nine (9) executive officers of Dexterra are women (33.33%).

Board Performance Evaluation

The Corporate Governance and Compensation Committee has the mandate and responsibility to ensure that a process is in place for the annual review of the performance of individual directors, the Board as a whole and the Board committees. Typically, annual board evaluations are conducted at the start of each year which require directors to complete questionnaires rating items such as structure and size of the Board and each committee, the knowledge and diversity of membership as well as the quality and timeliness of information received for discussion and the overall effectiveness in decision making. These questionnaires also include individual director self-evaluations along with committee evaluations. The completed questionnaires are forwarded to the Corporate Secretary who compiles the results into a single document that includes any comments that may have been forwarded, for presentation to the Chair of the Corporate Governance and Compensation Committee. The anonymity of any particular submitter is maintained with the aggregate results presented to the Chair of the Corporate Governance and Compensation Committee. The results are then communicated to the full Board for discussion and recommendations as necessary. The most recent board assessment was completed in early 2024.

Director Term Limits and Other Mechanisms of Board Renewal

The Board has not adopted term limits for the directors on the Board or other mechanisms of Board renewal. Instead, the Corporate Governance and Compensation Committee have the mandate and responsibility to ensure that a process is in place for the annual review of the performance of individual directors, the Board as a whole and the Board Committees. Through this annual review process, such committee determines whether an individual director is able to continue to make an effective contribution. The Board is of the view that such annual review process is more effective than term limits or other mechanisms of Board renewal such as a mandatory retirement age.

Communicating with the Board

Shareholders may write to the Board or any member or members of the Board in care of the Corporate Secretary at the head office of Dexterra, at the following address:

Dexterra Group Inc.
5915 Airport Rd., Suite 425, Mississauga, ON L4V 1T1

Letters addressed to the Board, or any individual independent director, are reviewed as a group to determine if a response from the Board is appropriate. While the Board oversees management, it does not participate in the day-to-day functions and operations of Dexterra and is not normally in the best position to respond to inquiries on those matters. Inquiries on operations or day-to-day management of Dexterra will be directed to the appropriate personnel within Dexterra for a response. The Board has instructed the Corporate Secretary to review all correspondence and, in his discretion, not to forward any items if they:

- are not relevant to Dexterra's operations, policies and philosophies;
- are commercial in nature; or
- are not appropriate for consideration by the Board.

All inquiries will receive a written response from either the Board or management, as appropriate. The Corporate Secretary maintains a log of all correspondence addressed to members of the Board. Directors may review the log at any time and request copies of any correspondence received.
